Supplemental disclosure of non-cash financing activity:

As more fully described in Notes 3 and 5(7), on March 28, 2000, the Partnership securitized \$17,155,000 of tax-exempt mortgage bonds on Iona Lakes Apartments by depositing such bonds with a custodian. The bonds were credit enhanced and interests in substantially all of such bonds were sold to institutional investors with the Partnership acquiring a residual interest therein. This arrangement has been accounted for as a financing transaction.

AMERICA FIRST TAX EXEMPT INVESTORS, L.P. NOTES TO FINANCIAL STATEMENTS MARCH 31, 2001 (UNAUDITED)

1. Organization

America First Tax Exempt Investors, L.P. was formed on April 2, 1998 under the Delaware Revised Uniform Limited Partnership Act for the purpose of acquiring, holding, operating, selling and otherwise dealing with a portfolio of federally tax-exempt mortgage bonds which have been issued to provide construction and/or permanent financing of multifamily residential apartments. The Partnership commenced operations on February 1, 1999. The General Partner of the Partnership is America First Capital Associates Limited Partnership Two (AFCA 2).

2. Basis of Presentation

The interim unaudited financial statements have been prepared according to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted according to such rules and regulations, although management believes that the disclosures are adequate to make the information

presented not misleading. The financial statements should be read in conjunction with the financial statements and notes thereto included in the Partnership's Annual Report on Form 10-K for the year ended December 31, 2000. In the opinion of management, all normal and recurring adjustments necessary to present fairly the financial position at March 31, 2001, and results of operations for all periods presented have been made. The results of operations for the three month period ended March 31, 2001 are not necessarily indicative of the results to be expected for the full year.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Debt Financing

As of March 31, 2001, the Partnership had securitized \$49,285,000 (of which \$49,255,000 was outstanding at March 31, 2001 and December 31, 2000) of its tax-exempt mortgage bond portfolio under four separate financing transactions as described below.

The Partnership securitized \$5,000,000 of its tax-exempt mortgage bonds during August 1999. In connection with the securitization, the Partnership deposited \$25,250,000 of such tax-exempt mortgage bonds into a trust (the Primary Trust) which issued \$25,250,000 in trust certificates (the Primary Trust Certificates). The Primary Trust issued and delivered to a Merrill Lynch affiliate \$5,000,000 in Primary Trust Certificates which have a first priority claim on principal and base interest on the underlying tax-exempt mortgage bonds. The \$5,000,000 in Primary Trust Certificates were placed in a secondary trust (the Secondary Trust) and credit enhanced by a Merrill Lynch affiliate. The Merrill Lynch affiliate sold to institutional investors floating rate securities (the Secondary Securities) in the amount of \$4,995,000. The Partnership also pledged and transferred an additional \$3,000,000 of Primary Trust Certificates to a Merrill Lynch affiliate to secure payment of the \$5,000,000 principal amount of and accrued interest on the aforementioned Primary Trust Certificates. The Partnership obtained ownership of the remaining Primary Trust Certificates in the principal amount of \$17,250,000 and the rights to all subordinate interest paid on the related tax-exempt mortgage bonds. The Partnership also acquired a residual interest in the Secondary Trust with a face amount of \$5,000 and proceeds of the transfer of the Primary Trust Certificates to the Merrill Lynch affiliate in the amount of \$4,995,000. The Partnership has a call right on the Secondary Securities and upon exercise of such right may collapse the Secondary and Primary Trusts and, therefore, retains a level of control over the Secondary Securities. The purchase price of the Secondary Securities is equal to the par amount plus 10% of any increase in the market price of the underlying Primary Trust Certificates. (Also see Note 5 (7)).

PAGE 4

(UNAUDITED)

The Partnership also securitized tax-exempt mortgage bonds of \$17,155,000 on Iona Lakes Apartments which were acquired by the Partnership on March 28, 2000. Similar to the \$5,000,000 securitization described above, the \$17,155,000 of tax-exempt mortgage bonds (the Iona Bonds) were deposited with a custodian pursuant to a custody and participation agreement (the Custody Agreement). The custodian issued (i) a certificate to a Merrill Lynch affiliate evidencing a beneficial ownership interest in all outstanding principal and base interest on the Iona Bonds (the Senior Certificate) and (ii) a certificate to the Partnership evidencing a beneficial ownership interest in all contingent interest on the Iona Bonds (the Residual Certificate). The Merrill Lynch affiliate then transferred the Senior Certificate to a secondary trust (Secondary Trust) and credit enhanced such Senior Certificate. The Merrill Lynch affiliate sold to institutional investors floating rate securities (the Secondary Securities) in the amount of \$17,150,000. In addition to the Residual Certificate, the Partnership acquired for \$5,000 a residual interest in the Secondary Trust with a face amount of \$5,000. The Partnership has a call right on the Secondary Securities and, upon exercise of such right, may collapse the Custody Agreement and the Secondary Trust and, therefore, retains a level of control over the Secondary Securities. The purchase price of the Secondary Securities is equal to the par amount plus 10% of any increase in the market value of the underlying Senior Certificates. The Partnership has also pledged \$12,600,000 of its Woodbridge Apartments of Bloomington III tax-exempt mortgage bonds and \$5,300,000 of Primary Trust Certificates related to the Northwoods Lake Apartments tax-exempt mortgage bonds as additional collateral in connection with the securitization. (Also see Notes 5(4), (7) and (8)).

The Partnership also securitized tax-exempt mortgage bonds of \$16,000,000 on Clear Lake Colony Apartments which was acquired by the Partnership on June 8, 2000 and \$11,130,000 on Bent Tree Apartments which was acquired on December 21, 2000. Such securitizations are structured similar to the \$17,155,000 securitization described above. Floating rate securities in the amount of \$15,995,000 and \$11,125,000 for Clear Lake Colony Apartments and Bent Tree Apartments, respectively, were sold to institutional investors and the Partnership acquired residual interests in trusts with a face value of \$10,000 (\$5,000 for each of the securitized bonds) for \$10,000 (\$5,000 each). The Partnership also pledged \$8,976,000 of its Woodbridge Apartments of Louisville II tax-exempt mortgage bonds and \$2,000,000 of Primary Trust Certificates related to the Northwoods Lake Apartments tax-exempt mortgage bonds as additional collateral in connection with the securitization of the Clear Lake Colony Apartments bonds. The Partnership also pledged \$6,700,000 of its Ashley Pointe at Eagle Crest tax-exempt mortgage bonds as additional collateral in connection with the securitization of the Bent Tree Apartments Bonds. (Also see Notes 5(5), (6), (7), (9), and (10)).

For financial statement purposes, the transactions described above have been accounted for as financing transactions and, in effect, provide variable-rate financing for the acquisition of new, or the securitization of existing, tax-exempt mortgage bonds. Accordingly, the \$49,255,000 of tax-exempt mortgage bonds financed are required to be held in trust, the subordinated interests are classified as other assets, and, in the case of the \$5,000,000 debt financing, the net cash proceeds were classified as cash and temporary cash investments. In all of the transactions, the financing debt bears interest, plus credit enhancement, servicing, trustee and related fees. Financing debt of \$32,130,000 bears interest at a weekly floating bond rate which averaged approximately 4.22% for 2000, including fees. The remaining \$17,125,000 of financing debt provided for interest at a weekly floating rate through June 21, 2000 at which time the Partnership elected to lock in the then current rate of 4.70% until June 20, 2001. The stated maturity date is October 2011 for the \$5,000,000 of debt financing, September 2002 for the \$16,000,000 of debt financing, June 2002 for the \$11,130,000 of debt financing and the final stated maturity date is April 2004 for the remaining \$17,125,000 of debt financing. In each case, the debt financing is subject to the respective call feature described above. The Partnership did not recognize a gain or loss in connection with any of the financing transactions.

5. Investment in Tax-Exempt Mortgage Bonds

The Partnership classified its investment in tax-exempt mortgage bonds as available-for-sale. At March 31, 2001, and December 31, 2000, the total amortized cost, gross unrealized holding gains and aggregate fair value of available-for-sale securities were \$108,781,000, \$1,719,000 and \$110,500,000, respectively.

- 6. Investment in Other Tax-Exempt Bonds

At March 31, 2001 and December 31, 2000, the Partnership had an investment in other tax-exempt bonds with a principal amount of \$3,000,000. Such tax-exempt bonds bear interest at the rate of 8.25% per annum and mature on December 1, 2026. The bonds are guaranteed by an affiliate of the borrower.

The Partnership classified its investment in other tax-exempt mortgage bonds as available-for-sale. At March 31, 2001, and December 31, 2000, the general partner estimates that the fair value of the other tax-exempt bonds was \$3,000,000.

7. Transactions with Related Parties

Substantially all of the Partnership's general and administrative expenses and certain costs capitalized by the Partnership are paid by AFCA 2 or an affiliate and are reimbursed by the Partnership. The amount of such expenses reimbursed to AFCA 2 during 2001 was \$288,637. The reimbursed expenses included in this footnote are presented on a cash basis and do not reflect accruals made at quarter end which are reflected in the accompanying financial statements.

AFCA 2 is entitled to receive an administrative fee from the Partnership equal to 0.45% of the outstanding principal balance of any tax-exempt mortgage bond or other mortgage investment, unless the owner of the property financed by such tax-exempt mortgage bond or other mortgage investment or another third party is required to pay such administrative fee. Under the terms of each of the Partnership's existing tax-exempt mortgage bonds, the property owners are obligated to pay the administrative fee to AFCA 2. For the three months ended March 31, 2001, the Partnership paid to AFCA 2 \$3,375 in administrative fees related to an investment in other tax-exempt bonds it acquired in November 2000. The Partnership may become obligated to pay additional administrative fees to AFCA 2 in the event it acquires additional tax-exempt mortgage bonds or other mortgage investments and is not able to negotiate the payment of these fees by the property owners or in the event it acquires title to any of the properties securing its existing tax-exempt mortgage bonds by reason of foreclosure. AFCA 2 received administrative fees of \$116,144 during the three months ended March 31, 2001 from the owners of properties financed by the tax-exempt mortgage bonds held by the Partnership. Since these administrative

(UNAUDITED)

fees are not Partnership expenses, they have not been reflected in the accompanying financial statements. However, such fees are payable by the property owners prior to the payment of any contingent interest on the tax-exempt mortgage bonds secured by these properties.

AFCA 2 was also entitled to receive approximately \$359,000 in administrative fees from the Partnership for the year ended December 31, 1989. The payment of these fees, which has been deferred by AFCA 2, is contingent upon, and will be paid only out of future profits realized by the Partnership from the disposition of any Partnership assets. This amount will be recorded as an expense by the Partnership when it is probable that these fees will be paid.

An affiliate of AFCA 2 was retained to provide property management services for Ashley Square, Northwoods Lake Apartments, Ashley Pointe at Eagle Crest, Shoals Crossing, Iona Lakes Apartments (beginning in April 2000), Clear Lake Colony Apartments (beginning in June 2000) and Bent Tree Apartments (beginning in December 2000). The management fees paid to the affiliate of AFCA 2 reflect market rates for such services in the areas in which these properties are located and totaled \$147,265 during the three months ended March 31, 2001. These management fees are not Partnership expenses and, accordingly, have not been reflected in the accompanying financial statements. However, such fees are paid out of the revenues generated by these properties prior to the payment of any interest on the tax-exempt bonds held by the Partnership on these properties.

The Partnership's "other assets" include approximately \$3,600,000 of taxable mortgage loans due from the owners of Iona Lakes Apartments, Clear Lake Colony Apartments and Bent Tree Apartments which collateralize the Partnership's respective tax-exempt mortgage bonds. The taxable mortgage loans bear interest ranging from 8.25% to 9.10% per annum, may be repaid at any time, and may increase for additional advances. Each such taxable mortgage loan is secured by a second mortgage on the respective property. The owners of the aforementioned properties are employees of the general partner of AFCA 2.

8. Subsequent Event

The Partnership entered into a Standby Reimbursement Agreement guaranteeing reimbursement of sums up to \$12,727,751 as part of a plan to acquire certain securities representing an interest in tax-exempt bonds secured by the Lake Forest Apartments which total \$12,375,000. In connection with the Standby Reimbursement Agreement the Partnership pledged \$3,900,000 of its other tax-exempt bonds (of which \$900,000 was acquired on April 6, 2001) and \$4,000,000 of Primary Trust Certificates related to the Northwoods Lake Apartments tax-exempt mortgage bonds as security. This Standby Reimbursement Agreement is expected to terminate on or about December 1, 2001 in connection with the issuance of tax-exempt refunding bonds secured by Lake Forest Apartments. The Partnership plans to acquire certain securities representing an interest in such tax-exempt bonds.

The aggregate carrying value of the tax-exempt mortgage bonds at March 31, 2001 was \$110,500,000. The carrying value of the bonds reflects the general partner's estimate of the fair value of such bonds. The Partnership has securitized \$49,255,000 of its tax-exempt mortgage bonds as described herein. As of March 31, 2001, the Partnership has pledged a total of \$87,831,000 of its tax-exempt mortgage bond portfolio in connection with its securitizations.

Each of the bonds bears interest at a fixed rate and provides for the payment of additional contingent interest that is payable solely from available net cash flow generated by the financed property. The principal amounts of eight of the bonds do not amortize over their respective terms. The remaining bond requires semiannual payments of principal and interest out of operating cash flow.

PAGE

Tax-exempt interest earned on the mortgage bonds represents the Partnership's principal source of cash flow. The Partnership also earns tax-exempt interest and taxable interest on certain other investments. The Partnership's principal uses of cash are the payment of operating expenses and distributions to BUC holders. The following table sets forth information relating to cash distributions paid to BUC holders for the periods shown:

In addition to cash generated from interest income, the Partnership may draw on its reserve to pay operating expenses or to supplement cash distributions to BUC holders. As of March 31, 2001, the amount held by the Partnership in the reserve was \$5,664,116. During three months ended March 31, 2001, undistributed income totaling \$484,182 was placed into reserves. Future distributions to BUC Holders will depend upon the amount of base and contingent interest received on the mortgage bonds, the size of the reserves established by the Partnership and the extent to which withdrawals are made from reserves.

The Partnership believes that cash provided by interest income from its tax-exempt bonds and other investments, supplemented, if necessary, by withdrawals from its reserve, will be adequate to meet its projected short-term and long-term liquidity requirements, including the payments of distributions to BUC Holders.

The Partnership is pursuing an investment strategy whereby it is investing in additional tax-exempt mortgage bonds and related investments and financing such acquisitions through the sale of senior interests in its tax-exempt mortgage bonds. By acquiring additional investments, AFCA 2 hopes to: (i) increase the amount of tax-exempt interest available for distribution to BUC holders, (ii) reduce risk through increased asset diversification and (iii) achieve improved economies of scale. By financing the acquisition of additional investments through the sale of senior interests in its tax-exempt bonds, the Partnership foregoes a portion of the interest it earns on its tax-exempt bonds, but reinvests the sale proceeds in instruments which are expected to generate a greater amount of interest income. To the extent the Partnership sells such senior interests and is unable to reinvest the proceeds in investments that generate interest at least as great as the interest paid on the senior interests, the amount of interest income available to the Partnership will decline. AFCA 2 is unable to estimate the amount of additional tax-exempt mortgage bonds and other investments that the Partnership may acquire and there can be no assurance that the Partnership will be able to achieve any of the goals stated above.

Asset Quality

It is the policy of the Partnership to make a periodic review of the real estate collateralizing the Partnership's tax-exempt mortgage bonds in order to assess for impairment the carrying value of the tax-exempt mortgage bonds. The sole source of funds available for the repayment of principal of the bonds is the net proceeds from the sale or refinancing of the financed properties, except for one tax-exempt mortgage bond which requires semiannual payments of principal and interest out of operating cash flow.

Based on reviews performed during 2001 on the real estate collateralizing the Partnership's tax-exempt mortgage bonds, no indications of impairment of the tax-exempt mortgage bonds were noted.

Results of Operations

Comparison of the Three Months Ended March 31, 2001 and March 31, 2000

Mortgage bond investment income increased \$923,079 (64%) from \$1,436,244 for the three months ended March 31, 2000 to \$2,359,323 for the three months ended March 31, 2001. The majority of such increase (\$769,395) is attributable to the acquisitions of the Iona Lakes Apartments, Clear Lake Colony Apartments and Bent Tree Apartments tax-exempt mortgage bonds in March, June, and December 2000, respectively. The remaining increase of \$153,684 is attributable to increases of \$89,160 and \$79,740 earned on the Arama Apartments and Northwoods Lake Apartments tax-exempt mortgage bonds, respectively, and a net increase of \$6,059 earned on certain of the Partnership's other tax-exempt mortgage bonds. Offsetting such additions to income was a decrease of \$21,275 in mortgage bond investment income on the Woodbridge Apartments of Bloomington III tax-exempt mortgage bond. Such variations are more fully described below.

During the three months ended March 31, 2001, the Partnership earned \$346,285 of mortgage bond investment income on its former investment in the Arama Apartments tax-exempt mortgage bond. Such income represents the final payment of past due base interest and principal that the Partnership will receive on such bond which was sold in September 2000. During the three months ended March 31, 2000, the Partnership recorded mortgage bond investment income of \$257,125 on such bond representing the full amount of base interest due for such period. Accordingly, mortgage bond investment income earned on the Arama Apartments mortgage bond increased \$89,160 for the three months ended March 31, 2001, compared to the same period in 2000.

The \$79,740 increase and \$21,275 decrease in income earned on the Northwoods Lake and Woodbridge Apartments of Bloomington III tax-exempt mortgage bonds, respectively, are attributable to variations in the amount of past due base interest received on such mortgage bonds that was due to the Partnership prior to the reissuances in 1998. Such variations are a function of the net cash flow generated by the respective underlying property. Despite such variations in net cash flow, the Partnership earned the full amount of base interest due

on each of these mortgage bonds during the three months ended March 31, 2001 and 2000

The Partnership earned \$61,875 of bond investment income during the three months ended March 31, 2001, on an investment in \$3,000,000 of tax-exempt bonds acquired in November 2000. No such income was earned for the comparable period of 2000 as the Partnership did not have similar investments during such period.

Other interest income increased \$94,250 for the three months ended March 31, 2001, compared to the same period in 2000. Such increase is primarily attributable to an increase in the Partnership's taxable mortgage loans which are classified as other assets on the Partnership's balance sheet.

The Partnership earned contingent interest income of \$10,000 from the Ashley Point at Eagle Crest tax-exempt mortgage bond for the three months ended March 31, 2001, whereas no such income was earned for the comparable period of 2000.

PAGE 11

During the three months ended March 31, 2001, the Partnership incurred interest expense of \$562,468 on the \$49,255,000 of debt financing obtained in connection with securitizing certain of its tax-exempt mortgage bonds. For the comparable period of 2000, the Partnership incurred interest expense of \$61,833 on \$5,000,000 of debt financing. Accordingly, interest expense increased \$500,635 for the three months ended March 31, 2001, compared to the comparable period of 2000.

General and administrative expenses for the three months ended March 31, 2001 decreased \$36,046 (15%) compared to the same period in 2000. Such decrease is primarily attributable to an decrease of approximately \$36,000 in salaries and related expenses.
