Forward-Looking Statements

This report (including, but not limited to, the information contained in "Management's Discussion and Analysis of Financial Condition and Results of Operations") contains forward-looking statements. All statements other than statements of historical facts contained in this report, including statements regarding our future results of operations and financial position, business strategy and plans and objectives of management for future operations, are forward-looking statements. When used, statements which are not historical in nature, including those containing words such as "anticipate," "estimate," "should," "expect," "believe," "intend," and similar expressions, are intended to identify forward-looking statements. We have based forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our business, financial condition and results of operations. This report also contains estimates and other statistical data made by independent parties and by us relating to market size and growth and other industry data. This data involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. We have not independently verified the statistical and other industry data generated by independent parties and contained in this report and, accordingly, we cannot guarantee their accuracy or completeness.

These forward-looking statements are subject to various risks and uncertainties, including those relating to:

- defaults on the mortgage loans securing our tax-exempt mortgage revenue bonds;
- risks associated with investing in multifamily apartments, including changes in business conditions and the general economy;
- changes in short-term interest rates;
- our ability to use borrowings to finance our assets;
- current negative economic and credit market conditions;
- and
- changes in government regulations affecting our business.

Other risks, uncertainties and factors could cause our actual results to differ materially from those projected in any forward-looking statements we make. We are not obligated to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In addition, projections, assumptions and estimates of our future performance and the future performance of the industries in which we operate are necessarily subject to a high degree of uncertainty and risk due to a variety of factors, including those described under the headings "Risk Factors" in Item 1A of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 and in item 1A of Part II of this document.

The accompanying notes are an integral part of the condensed consolidated financial statements.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2012
(UNAUDITED)

1. Basis of Presentation

General

America First Tax Exempt Investors, L.P. (the "Partnership") was formed on April 2, 1998, under the Delaware Revised Uniform Limited Partnership Act for the primary purpose of acquiring, holding, selling and otherwise dealing with a portfolio of federally tax-exempt mortgage revenue bonds which have been issued to provide construction and/or permanent financing of multifamily residential properties. Interest on these bonds is excludable from gross income for federal income tax purposes. As a result, most of the income earned by the Partnership is exempt from federal income taxes. The Partnership may also invest in other types of tax-exempt securities that may or may not be secured by real estate and may make taxable mortgage loans secured by multifamily properties which are financed by tax-exempt mortgage revenue bonds held by the Partnership. The Partnership generally does not seek to acquire direct interests in real property as long term or permanent investments. The Partnership may, however, acquire real estate securing its tax-exempt mortgage revenue bonds or taxable mortgage loans through foreclosure in the event of a default. In addition, the Partnership may acquire interests in multifamily apartment properties ("MF Properties") in order to position itself for future investments in tax-exempt mortgage revenue bonds issued to finance these properties. The Partnership expects to sell its interest in these MF Properties in connection with the future syndication of low income housing tax credits under Section 42 of the Internal Revenue Code ("LIHTCs") or to a tax-exempt organization and to acquire tax-exempt mortgage revenue bonds on these properties to provide debt financing to the new owners.

Our general partner is America First Capital Associates Limited Partnership Two ("AFCA 2" or "General Partner"). The general partner of AFCA2 is The Burlington Capital Group LLC ("Burlington"). The Partnership has issued Beneficial Unit Certificates ("BUCs") representing assigned limited partner interests to investors ("unitholders"). The Partnership will terminate on December 31, 2050, unless terminated earlier under provisions of its Agreement of Limited Partnership.

The condensed consolidated financial statements of the "Company" reported in this Form 10-Q include the assets, liabilities and results of operations of the Partnership, its Consolidated Subsidiaries and three other consolidated entities in which the Partnership does not hold an ownership interest but which own multifamily apartment properties financed with tax-exempt mortgage revenue bonds held by the Partnership and which are treated as variable interest entities ("VIEs") of which the Partnership has been determined to be the primary beneficiary ("Consolidated VIEs"). The Consolidated Subsidiaries of the Partnership consist of:

- ATAX TEBS I, LLC, a special purpose entity owned and controlled by the Partnership, created to facilitate the Tax Exempt Bond Securitization ("TEBS") Financing with Freddie Mac (Note 9).
- Nine multifamily apartments ("MF Properties") owned by various Partnership subsidiaries. Such subsidiaries hold a 99% limited partner interest in five limited partnerships and 100% member positions in four limited liability companies. Three apartment properties which are subject to a sales agreement and are also reported as MF Properties (Note 2).
- One of the five limited Partnerships which owns an MF Property is reported as a discontinued operation in both periods (Note 8).

Stand alone financial information of the Partnership reported in this Form 10-Q includes only the assets, liabilities, and results of operations of the Partnership and its Consolidated Subsidiaries (hereafter the "Partnership") without the Consolidated VIEs. In the Company's consolidated financial statements, all transactions and accounts between the Partnership, the Consolidated Subsidiaries and the Consolidated VIEs have been eliminated in consolidation. The Partnership does not believe that the consolidation of VIEs for reporting under accounting principles generally accepted in the United States of America ("GAAP") affects the Partnership's status as a partnership for federal income tax purposes or the status of unitholders as partners of the Partnership, the treatment of the tax-exempt mortgage revenue bonds on the properties owned by Consolidated VIEs as debt, the tax-exempt nature of the interest payments received on bonds secured by the properties owned by Consolidated VIEs or the manner in which the Partnership's income is reported to unitholders on IRS Form K-1.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The accompanying interim unaudited condensed consolidated financial statements have been prepared according to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted according to such rules and regulations, although management believes that the disclosures are adequate to make the information presented not misleading. The condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011. These condensed consolidated financial statements and notes have been prepared consistently with the 2011 Form 10-K. In the opinion of management, all adjustments (consisting of normal and recurring accruals) necessary to present fairly the financial position as of June 30, 2012, and the results of operations for the interim periods presented have been made. The results of operations for the interim period are not necessarily indicative of the results to be expected for the full year.

2. Partnership Income, Expenses and Cash Distributions

The Agreement of Limited Partnership of the Partnership contains provisions for the distribution of Net Interest Income, Net Residual Proceeds and Liquidation Proceeds, for the allocation of income or loss from operations and for the allocation of income and loss arising from a repayment, sale, or liquidation of investments. Income and losses will be allocated to each unitholder on a periodic basis, as determined by the General Partner, based on the number of BUCs held by each unitholder as of the last day of the period for which such allocation is to be made. Distributions of Net Interest Income and Net Residual Proceeds will be made to each unitholder of record on the last day of each distribution period based on the number of BUCs held by each unitholder as of such date. For purposes of the Agreement of Limited Partnership, cash distributions, if any, received by the Partnership from its indirect interest in MF Properties (Note 5) will be included in the Partnership's Interest Income and cash distributions received by the Partnership from the sale of such properties will be included in the Partnership Residual Proceeds.

Cash distributions are currently made on a quarterly basis but may be made on a monthly or semiannual basis at the election of AFCA 2. On each distribution date, Net Interest Income is distributed 99% to the unitholders and 1% to AFCA 2 and Net Residual Proceeds are distributed 100% to unitholders except that Net Interest Income and Net Residual Proceeds representing contingent interest in an amount equal to 0.9% per annum of the principal amount of the tax-exempt mortgage revenue bonds on a cumulative basis (defined as Net Interest Income (Tier 2) and Net Residual Proceeds (Tier 2), respectively) are distributed 75% to the unitholders and 25% to AFCA 2.

In June 2010, the Company completed a sales transaction whereby four of the MF Properties, Crescent Village, Post Woods (I and II), and Willow Bend apartments in Ohio (the "Ohio Properties"), were sold to three new ownership entities controlled by an unaffiliated not-for-profit entity. The Company acquired 100% of the \$18.3 million tax-exempt mortgage revenue bonds issued by the Ohio Housing Finance Agency as part of a plan of financing for the acquisition and rehabilitation of the Ohio Properties. The tax-exempt mortgage revenue bonds secured by the Ohio Properties were acquired by the Company at par and consisted of two series. The Series A bond has a par value of \$14.7 million and bears interest at an annual rate of 7.0%. The Series B bond has a par value of \$3.6 million and bears interest at an annual interest rate of 10.0%. Both series of bonds mature in June 2050. The Company had previously acquired a 99% interest in the Ohio Properties as part of its strategy of acquiring existing multifamily apartment properties that it expects will be partially financed with new tax-exempt mortgage bonds at the time the properties become eligible for the issuance of additional LIHTCs. In addition to the new tax-exempt mortgage revenue bonds acquired by the Company, the plan of financing for the acquisition included other subordinated debt issued by the Company. At the time of acquisition, the new owners had not contributed any capital to the transaction and the Company effectively provided 100% of the capital structure to the new owners as part of the sale transaction. Pursuant to accounting guidance for property, plant, and equipment - real estate sales, the sale and restructure does not meet the criteria for derecognition of the properties or full accrual accounting for the gain. The guidance requires sufficient equity at risk as part of a sales transaction to indicate a commitment from the buyer (typically a minimum of 3 to 5% investment by the new owners). Under the sales agreement, the Ohio Properties were sold for a total purchase price of \$16.2 million. Cash received by the selling limited partnerships as part of the sale transaction represents a gain on the sale transaction of approximately \$1.8 million which has been deferred by the Company.

In October 2011, the three limited partnerships that own the Ohio Properties admitted two entities that are affiliates of Boston Capital (the “BC Partners”) as new limited partners as part of a syndication of LIHTCs on the Ohio Properties. The BC Partners have agreed to contribute approximately \$6.7 million to the equity of these limited partnerships, subject to the Ohio Properties meeting certain debt service coverage ratios specified in the applicable limited partnership agreements. As of June 30, 2012, the Ohio Properties had not yet achieved these debt service coverage ratios and the BC Partners had not contributed a sufficient amount of additional capital to these limited partnerships to allow the Company to deconsolidate the Ohio Properties. Accordingly, the Company will continue to report each Ohio Property as an MF Property, and no gain from the 2010 sale of such Ohio Property will be recognized by the Company, until the Ohio Property achieves specified debt service coverage ratios and the BC Partners have contributed their additional capital to the limited partnership owning the Ohio Property. The Company expects that each of the Ohio Properties will achieve the debt service coverage ratios so that the BC Partners will fully fund their capital commitments during 2012. As that occurs, each Ohio Property will cease to be reported as an MF Property and the Company will recognize the gain for the 2010 sale of the Ohio Property. After that time, the Company will report the tax-exempt mortgage revenue bonds on such Ohio Property as an asset and will report the related interest income on the bond.

In connection with the BC Partners transaction, the Company entered into guarantee agreements with the BC Partners under which the Company has guaranteed certain obligations of the general partner of these limited partnerships, including an obligation to repurchase the interests of the BC Partners if certain “repurchase events” occur. A repurchase event is defined as any one of a number of events mainly focused on the completion of the property rehabilitation, property rent stabilization, the delivery of LIHTCs, tax credit recapture and foreclosure. Even if a repurchase event should occur after the \$7.8 million of equity has been contributed, 25% of the BC contributed capital would remain as equity in the Ohio Properties and thus BC, a third party, would have sufficient equity in the Ohio Properties for the Company to recognize the sale discussed above.

No amount has been accrued for this contingent liability because the likelihood of a repurchase event is remote (Note 15).

The unallocated deficit of the Consolidated VIEs is primarily comprised of the accumulated historical net losses of the Consolidated VIEs since the applicable consolidation date. The unallocated deficit of the VIEs and the VIEs’ net losses subsequent to that date are not allocated to the General Partner and unitholders as such activity is not contemplated by, or addressed in, the Agreement of Limited Partnership.

3. Variable Interest Entities

The Partnership invests in federally tax-exempt mortgage revenue bonds which have been issued to provide construction and/or permanent financing of multifamily residential apartments. The Partnership owns 100% of these bonds and each bond is secured by a first mortgage on the property. The Partnership has also made taxable loans to the property owners in certain cases which are secured by second mortgages on these properties. Although each multifamily property financed with tax-exempt mortgage revenue bonds held by the Partnership is owned by a separate entity in which the Partnership has no equity ownership interest, the debt financing provided by the Partnership creates a variable interest in these ownership entities that may require the Partnership to report the assets, liabilities, and results of operations of these entities on a consolidated basis under GAAP.

The Partnership determined that five of the entities financed by tax-exempt mortgage revenue bonds owned by the Partnership are held by VIEs as of June 30, 2012. These VIEs are Ashley Square, Bent Tree, Cross Creek, Fairmont Oaks, and Lake Forest. See below for further discussion on which VIEs are consolidated as of the reporting date.

At June 30, 2012 and 2011, the Partnership reported three properties as Consolidated VIEs; Bent Tree, Fairmont Oaks, and Lake Forest and has continued to consolidate these entities. In June 2011, the ownership of Iona Lakes became an unaffiliated not-for-profit entity and Iona Lakes ceased to be reported as a Consolidated VIE.

The Partnership does not hold an equity interest in these VIEs and, therefore, the assets of the VIEs cannot be used to settle the general commitments of the Partnership and the Partnership is not responsible for the commitments and liabilities of the VIEs. The primary risks to the Partnership associated with these VIEs relate to the entities ability to meet debt service obligations to the Partnership and the valuation of the underlying multifamily apartment property which serves as bond collateral.

The following is a discussion of the significant judgments and assumptions made by the Partnership in determining the primary beneficiary of the VIE and, therefore, whether the Partnership must consolidate the VIE.

Consolidated VIEs

The Partnership determined it is the primary beneficiary of the following properties at June 30, 2012: Bent Tree, Fairmont Oaks, and Lake Forest. The capital structure of each of these VIEs consists of senior debt, subordinated debt, and equity capital. The senior debt is in the form of a tax-exempt multifamily housing mortgage revenue bonds and accounts for the majority of each VIE's total capital. As the bondholder, the Partnership is entitled to principal and interest payments and has certain protective rights as established by the bond documents. The equity ownership of the consolidated VIEs is ultimately held by corporations which are owned by four individuals, two of which are related parties. Additionally, each of these properties is managed by an affiliate of the Partnership, America First Properties Management Company, LLC ("Properties Management") which is an affiliate of Burlington.

In determining the primary beneficiary of these VIEs, the Partnership considered the activities of the VIE which most significantly impact the VIEs' economic performance, who has the power to control such activities, the risks which the entities were designed to create, the variability associated with those risks and the interests which absorb such variability. The Partnership also considered the related party relationship of the entities involved in the VIEs. It was determined that the Partnership, as part of the related party group, met both of the primary beneficiary criteria and was the most closely associated with the VIEs and; therefore, was determined to be the primary beneficiary.

Non-Consolidated VIEs

The Company does not consolidate two VIE entities, Ashley Square and Cross Creek. In determining the primary beneficiary of these VIEs, the Partnership considered the activities of each VIE which most significantly impact the VIEs' economic performance, who has the power to control such activities, the risks which the entities were designed to create, the variability associated with those risks and the interests which absorb such variability. The significant activities of the VIE that impact the economic performance of the entity include leasing and maintaining apartments, determining if the property is to be sold, decisions relating to debt refinancing, the selection of or replacement of the property manager and the approval of the operating and capital budgets. As discussed below, while the capital structures of these VIEs resulted in the Partnership holding a majority of the variable interests in these VIEs, the Partnership determined it does not have the power to direct the activities of these VIEs that most significantly impact the VIEs' economic performance and, as a result, is not the primary beneficiary of these VIEs.

Ashley Square – Ashley Square Housing Cooperative acquired the ownership of the Ashley Square Apartments in December 2008 from Ashley Square LLC through a warranty deed of transfer and an assumption of debt. This transfer of ownership constituted a reconsideration event as outlined in the consolidation guidance which triggered a re-evaluation of the holders of variable interests to determine the primary beneficiary of the VIE. The capital structure of the VIE consists of senior debt, subordinated loans and equity capital. The senior debt is in the form of tax-exempt mortgage revenue bonds that are 100% owned by the Partnership and account for the majority of the VIE's total capital. As the bondholder, the Partnership is entitled to principal and interest payments and has certain protective rights as established by the bond documents. The VIE is organized as a housing cooperative and the 99% equity owner of this VIE is The Foundation for Affordable Housing ("FAH"), an unaffiliated Nebraska not-for-profit organization. Additionally, this property is managed by Properties Management.

Cross Creek – Cross Creek Apartments Holdings LLC is the owner of the Cross Creek Apartments. On January 1, 2010, Cross Creek Apartment Holdings LLC entered into a new operating agreement and admitted three new members. These new members committed approximately \$2.2 million of capital payable in three installments including \$563,000 on January 1, 2010. The new operating agreement and admission of new owner members constituted a reconsideration event as outlined in the consolidation guidance which triggered a re-evaluation of the holders of variable interests to determine the primary beneficiary of the VIE. The capital structure of the VIE consists of senior debt, subordinated loans, and equity capital at risk. The senior debt is in the form of tax-exempt mortgage revenue bonds that are 100% owned by the Partnership and account for the majority of the VIE's total capital. As the bondholder, the Partnership is entitled to principal and interest payments and has certain protective rights as established by the bond documents. The three newly admitted members of this VIE are each unaffiliated with the Partnership and have contributed significant equity capital to the VIE. These members collectively control a 99% interest in the VIE. The other 1% member of this VIE is FAH, which is also unaffiliated with the Partnership. Additionally, this property is managed by Properties Management.

[Table of Contents](#)

The following table presents information regarding the carrying value and classification of the assets held by the Partnership as of June 30, 2012, which constitute a variable interest in Ashley Square and Cross Creek.

	<u>Balance Sheet Classification</u>	<u>Carrying Value</u>	<u>Maximum Exposure to Loss</u>
Ashley Square Apartments			
Tax Exempt Mortgage Revenue Bond	Bond Investment	\$ 5,490,902	\$ 5,284,000
Property Loan	Other Asset	4,811,342	1,215,000
		<u>\$ 10,302,244</u>	<u>\$ 6,499,000</u>
Cross Creek Apartments			
Tax Exempt Mortgage Revenue Bond	Bond Investment	\$ 7,936,745	\$ 5,983,564
Property Loans	Other Asset	3,383,615	3,383,615
		<u>\$ 11,320,360</u>	<u>\$ 9,367,179</u>

The tax exempt mortgage revenue bonds are classified on the balance sheet as available for sale investments and are carried at fair value while property loans are presented on the balance sheet as Other assets and are carried at the unpaid principal and interest less any loan loss reserves. See Note 4 for additional information regarding the bonds and Note 7 for additional information regarding the property loans. The maximum exposure to loss for the bonds is equal to the unpaid principal balance as of June 30, 2012. The difference between the carrying value and the maximum exposure to loss is a function of the fair value of the bond. The difference between the carrying value and the maximum exposure is the value of loan loss reserves that have been previously recorded against the outstanding loan balances.

4. Investments in Tax-Exempt Bonds

The tax-exempt mortgage revenue bonds owned by the Company have been issued to provide construction and/or permanent financing of multifamily residential properties and do not include the tax-exempt mortgage revenue bonds issued with respect to properties owned by Consolidated VIEs or the Ohio Properties presented as MF Properties (Note 2 and Note 6). Tax-exempt mortgage revenue bonds are either held directly by the Company or are held in trusts created in connection with debt financing transactions (Note 9). The Company had the following investments in tax-exempt mortgage revenue bonds as of dates shown:

Description of Tax-Exempt Mortgage Revenue Bonds	June 30, 2012			
	Cost adjusted for pay-downs	Unrealized Gain	Unrealized Loss	Estimated Fair Value
Ashley Square ⁽¹⁾	\$ 5,284,000	\$ 206,902	\$ —	\$ 5,490,902

(1) Bonds owned by ATAX TEBS I, LLC, Note 9

(2) Bond held by Deutsche Bank in a secured financing transaction, Note 9

In June 2012, the Partnership acquired a \$10.0 million par value tax-exempt mortgage revenue bond secured by Arbors at Hickory Ridge Apartments, a 348 unit multifamily apartment complex located in Memphis, Tennessee, which represented 100% of the bond issuance for approximately \$10.2 million. The tax-exempt bond carries an annual interest rate of 7.98% and matures on April 1, 2026. The bonds do not provide for contingent interest.

In May 2012, the outstanding GMF-Madison Tower Apartments and GMF-Warren/Tulane Apartments tax-exempt mortgage revenue bonds held by the Company were sold for an amount greater than the outstanding principal and base interest. The Company received approximately \$4.1 million for the GMF-Madison Tower Apartments tax-exempt mortgage revenue bond and approximately \$12.7 million from the GMF-Warren/Tulane Apartments tax-exempt mortgage revenue bond resulting in an approximate \$668,000 realized gain.

Valuation - As all of the Company's investments in tax-exempt mortgage revenue bonds are classified as available-for-sale securities, they are carried on the balance sheet at their estimated fair values. Due to the limited market for the tax-exempt mortgage revenue bonds, these estimates of fair value do not necessarily represent what the Company would actually receive in a sale of the bonds. There is no active trading market for the bonds and price quotes for the bonds are not generally available. As of June 30, 2012, all of the Company's tax-exempt mortgage revenue bonds were valued using discounted cash flow and yield to maturity analyses performed by management. Management's valuation encompasses judgment in its application. The key assumption in management's yield to maturity analysis is the range of effective yields on the individual bonds. The effective yield analysis for each bond considers the current market yield on similar bonds as well as the debt service coverage ratio of each underlying property serving as collateral for the bond. At June 30, 2012, the range of effective yields on the individual bonds was 5.7% to 8.6%. At December 31, 2011, the range of effective yields on the individual bonds was 6.3% to 9.0%. Additionally, the Company calculated the sensitivity of the key assumption used in calculating the fair values of these bonds. Assuming a 10% adverse change in the key assumption, the effective yields on the individual bonds would increase to a range of 6.3% to 9.4% and would result in additional unrealized losses on the bond portfolio of approximately \$10.2 million. This sensitivity analysis is hypothetical and is as of a specific point in time. The results of the sensitivity analysis may not be indicative of actual changes in fair value and should be used with caution. If available, the general partner may also consider price quotes on similar bonds or other information from external sources, such as pricing services. Pricing services, broker quotes and management's analyses provide indicative pricing only.

Unrealized gains or losses on these tax-exempt mortgage revenue bonds are recorded in accumulated other comprehensive income (loss) to reflect changes in their estimated fair values resulting from market conditions and fluctuations in the present value of the expected cash flows from the underlying properties. As of June 30, 2012, the following bond investments have been in an unrealized loss position for greater than twelve months; Bella Vista, Woodlynn Village, and Woodland Park. The Company has reviewed each of these mortgage revenue bonds in an unrealized loss position for impairment. The Company's ability to recover the tax-exempt mortgage revenue bond's entire amortized cost basis is dependent upon the issuer being able to meet debt service requirements. Both the Bella Vista and Woodlynn Village properties which issued the bonds are current in their debt service and have debt service coverage ratios greater than 1.0 as of June 30, 2012. Based upon this evaluation, the current unrealized losses on these two bonds are considered to be temporary. Valuations of the bonds in an unrealized loss position have improved during the first half of 2012. If the credit and capital markets would deteriorate, the Company experiences deterioration in the values of its investment portfolio, or if the Company's intent and ability to hold certain bonds changes, the Company may incur impairments to its investment portfolio which could negatively impact the Company's financial condition, cash flows, and reported earnings.

The Partnership previously identified the Woodland Park tax-exempt mortgage revenue bond for which certain actions may be necessary to protect the Partnership's position as a secured bondholder and lender. The Company evaluated the Woodland Park bond holding for an other-than-temporary decline in value as of December 31, 2011 (see Form 10-K, Footnote 5 for discussion of our impairment testing method which remains the same). Based on this evaluation, the Company has concluded that no other-than-temporary impairment of the Woodland Park bond existed at December 31, 2011. However, the evaluation determined that the interest receivable accrued on the Woodland Park bond was impaired and an approximate \$953,000 allowance for loss on receivables was recorded during fiscal year 2011. The Partnership has recorded an additional allowance for loss on receivables of approximately \$476,000 against the interest receivable in the first half of 2012, which represents the accrued interest income on the bond for the first half of 2012. The Partnership continues to monitor these investments for changes in circumstances that might warrant an impairment charge. As of December 31, 2011, the property had 215 units leased out of total available units of 236, or 91% physical occupancy. As of June 30, 2012, occupancy had decreased to 203 units leased, or 86% physical occupancy and we believe this is a temporary decline. As of July 31, 2012, the occupancy has increased to 212 units, or 90% physical occupancy and we project physical occupancy will be at or higher than 90% through December 31, 2012 which will increase the property's net operating income to be in line with what had been projected for the second half of 2012 in the most recent evaluation for other than temporary impairment. Based on this evaluation, the current unrealized loss on this bond is considered to be temporary.

5. Subsequent Event

On July 19, 2012, the Company purchased 100% of the residual participation receipts ("LIFERS") in tender option bond trusts (the "TOB Trusts") which acquired approximately \$65.3 million of Public Housing Capital Fund Certificates ("PHC Certificates") issued by three trusts sponsored by DB (the "PHC Trusts"). The assets held by the PHC Trusts consist of custodial receipts evidencing loans made to a number of local public housing authorities. Principal and interest on these loans are payable by the respective public housing authorities out of annual appropriations to be made to the public housing authorities by the United States Department of Housing and Urban Development ("HUD") under HUD's Capital Fund Program established under Quality Housing and Work Responsibility Act of 1998 (the "Capital Fund Program"). The PHC Trusts have a first lien on these annual Capital Fund Program payments to secure the public housing authorities' respective obligations to pay principal and interest on their loans. Interest payable on the public housing authority debt held by the PHC Trusts is exempt from federal income taxes. The PHC Certificates issued by each of the PHC Trusts have been rated investment grade by Standard & Poor's.

The following table sets forth certain information relating to the PHC Certificates held in the TOB Trusts:

	Weighted Average Lives (Years)	Investment Rating	Weighted Average Interest Rate over Life	Principal Outstanding June 30, 2012
Public Housing Capital Fund Trust I	12.75	AA-	5.330%	\$ 26,406,558
Public Housing Capital Fund Trust II	12.3	AA-	4.240%	17,959,713
Public Housing Capital Fund Trust III	13.3	BBB	5.410%	20,898,432
Total Public Housing Capital Fund				\$ 65,264,703

[Table of Contents](#)

The Company purchased the LIFERS issued by the TOB Trusts for approximately \$16 million and pledged the LIFERS to the trustee to secure certain reimbursement obligations of the Company as the holder of LIFERS. The TOB Trusts also issued senior floating-rate participation interest ("SPEARS") of approximately \$49 million to unaffiliated investors. The SPEARS represent senior interests in the TOB Trusts and have been credit enhanced by DB. The LIFERS entitle to Company to all principal and interest payments received by the TOB Trusts on the \$65.3 million of PHC Certificates held by it after payments due to the holders of the SPEARS and trust costs. The SPEARS bear interest at a variable rate based on SIFMA.

The Company is still assessing the appropriate accounting treatment for the LIFERS ownership and the manner in which they will be reflected on its consolidated balance sheet for the period ending September 30, 2012.

The Company executed an investment placement agreement with AFCA 2 in connection with this transaction. AFCA 2 received a fee of \$652,640 from the Company in connection with this agreement which was paid in July 2012. This fee is consistent with the mortgage placement fees that AFCA 2 has earned previously in connection with the acquisition of tax-exempt mortgage revenue bonds by the Company.

6. Real Estate Assets

MF Properties

To facilitate its investment strategy of acquiring additional tax-exempt mortgage revenue bonds secured by MF Properties, the Company has acquired through its various subsidiaries 99% limited partner positions in five limited partnerships and 100% member positions in four limited liability companies that own the MF Properties. One of the five limited partnerships are reported as a discontinued operation in all periods presented. The financial statements of these properties are consolidated with those of the Company. The general partners of these partnerships are unaffiliated parties and their 1% ownership interest in these limited partnerships is reflected in the Company's consolidated financial statements as noncontrolling interests. The Company expects each of these MF Properties to eventually be sold either to a not-for-profit entity or in connection with a syndication of LIHTCs. The Company expects to purchase tax-exempt mortgage revenue bonds issued by the new property owners as part of the restructuring.

Recent Transactions

During the first quarter of 2012, a brokerage contract was executed to list the Churchland property for sale. This listing results in the property being reported as a discontinued operation for all periods reported. The net fixed assets of the Churchland property were approximately \$6.5 million of the total \$6.7 million discontinued operation total assets reported at June 30, 2012, and \$6.8 million total discontinued operation assets reported at December 31, 2011 (Note 8).

The Partnership purchased land adjacent to DeCordova property for approximately \$153,000 in 2011, and began constructing 34 additional units in 2012. The construction is expected to be completed in the fall of 2012, at which time the units will be leased as market rate units.

In February 2012, the Company secured a \$2.0 million construction loan for the expansion of the DeCordova property. The construction loan is with an unrelated third party and carries a fixed annual interest rate of 5.0%, maturing on February 1, 2017. On June 30, 2012 the balance of this loan was approximately \$1.4 million.

Residences at DeCordova. This property is a senior (55+) affordable housing project located in Granbury, Texas in the Dallas-Fort Worth area. As of June 30, 2012 and December 31, 2011, the property had 76 units leased, or 100% physical occupancy. At this time, the Partnership expects to operate the property as a market rate rental property for the next six months when it will evaluate its options in order to recoup its investment.

Residences at Weatherford. This property is a senior (55+) affordable housing project located in Weatherford, Texas in the Dallas-Fort Worth area. The property had been completed and has begun to lease up. As of June 30, 2012, the property had 19 units leased, or 25% occupancy as construction was recently completed. The Partnership is operating the property as a market rate property and will continue to evaluate its options in order to recoup its investment.

On June 30, 2012, the Company had a \$6.5 million construction loan secured by the DeCordova and Weatherford properties. This construction loan was used to fund the completion of Weatherford. The construction loan is with an unrelated third party and carries a fixed annual interest rate of 5.9%, maturing on July 28, 2015. This agreement requires \$500,000 to be held by the Company as restricted cash.

Acquisition

In the third quarter of 2010, the Company purchased a minority interest equal to 8.7% ownership in 810 Schutte Road LLC ("Eagle Village"), a 511 bed student housing facility located in Evansville, Indiana. The minority interest investment totaled approximately \$1.1 million and was presented in other assets. In June 2011, the Partnership acquired the remaining ownership interest in Eagle Village with approximately \$3.1 million of cash on hand plus a conventional mortgage of approximately \$8.9 million. The mortgage loan carries a variable interest rate of one-month LIBOR plus 2.75% but will not be less than 3.5%. On June 30, 2012, this rate was 3.5%. This mortgage matures on June 1, 2013. Eagle Village returned \$125,000 to the Company as a preferred return on their investment. The transaction is eliminated upon consolidation. Eagle Village is wholly owned by a subsidiary of the Partnership and was reported as an MF Property. The Partnership plans to operate the property as a student housing facility. Once stabilized as a student housing property, the Company will seek to restructure the ownership and capital structure through the sale of the property to a student housing not-for-profit entity. The Company anticipates it will purchase tax-exempt mortgage revenue bonds issued as part of the restructuring.

This acquisition is disclosed pursuant to the accounting guidance on business combinations. A condensed balance sheet at the date of acquisition is included below.

	Eagle Village 6/29/2011 (Date of acquisition)
Cash and cash equivalents	\$ 244,923
Restricted cash	589,493
Other current assets	46,380
In-place lease assets	96,829
Real estate assets	12,383,605
Finance costs	108,060
Total assets	\$ 13,469,290
Accounts payable, accrued expenses and other	\$ 278,230
Mortgage payable	8,925,000
Stockholders' equity	4,266,060
Total liabilities and stockholders' equity	\$ 13,469,290

In March 2011, the Partnership also purchased The Arboretum on Farnam Drive ("Arboretum"), 145 unit independent senior living facility located in Omaha, Nebraska for approximately \$20 million. That purchase price allocation did not change from what was disclosed in our December 31, 2011 Form 10-K. The table below shows the pro forma condensed consolidated results of operations of the Company as if the Eagle Village and Arboretum had been acquired at the beginning of the periods presented:

	For the Three Months Ended June 30, 2011	For Six Months Ended June 30, 2011	For the Year Ended December 31, 2011
Revenues	\$ 7,210,969	\$ 14,397,558	\$ 28,841,546
Net (loss) income	(272,199)	1,037,256	(2,162,401)
Net income allocated to unitholders	87,954	1,662,845	(1,025,221)
Unitholders' interest in net income (loss) per unit (basic and diluted)	\$ —	\$ 0.06	\$ (0.03)

The Company had the following investments in MF Properties as of June 30, 2012 and December 31, 2011:

MF Properties					
Property Name	Location	Number of Units	Land	Buildings and Improvements	Carrying Value at June 30, 2012
Arboretum	Omaha, NE	145	\$ 1,720,740	\$ 18,862,136	\$ 20,582,876

Balance at December 31, 2011					\$ 20,772,860

[Table of Contents](#)

In June 2010, the Company completed a sales transaction whereby four of the Ohio MF Properties were sold to three new ownership entities controlled by an unaffiliated not-for-profit entity. As the buyer has no equity capital in this transaction and the property operations are the current support for the debt service, the Company, in substance, remains the owner for accounting purposes. As such, the Company will continue to consolidate the Ohio Properties as if the sale was not completed. The properties will continue to be presented as MF Properties and no gain will be recognized until such time as the transaction meets the criteria for derecognition of the properties and gain recognition can be accounted for as a sale (Note 2).

Consolidated VIE Properties

In addition to the MF Properties, the Company consolidates the assets, liabilities and results of operations of the Consolidated VIEs in accordance with the accounting guidance on consolidations. Although the assets of these VIEs are consolidated, the Company has no ownership interest in the VIEs other than to the extent they serve as collateral for the tax-exempt mortgage revenue bonds owned by the Partnership. The results of operations of those properties are recorded by the Company in consolidation but any net income or loss from these properties does not accrue to the unitholders or the general partner, but is instead included in "Unallocated deficit of Consolidated VIEs."

The Company consolidated the following properties owned by Consolidated VIEs in continuing operations as of June 30, 2012 and December 31, 2011:

Consolidated VIEs					
Property Name	Location	Number of Units	Land	Buildings and Improvements	Carrying Value at June 30, 2012
Bent Tree Apartments	Columbia, SC	232	\$ 986,000	\$ 11,811,474	\$ 12,797,474
Fairmont Oaks Apartments	Gainesville, FL	178	850,400	8,648,045	9,498,445
Lake Forest Apartments	Daytona Beach, FL	240	1,396,800	11,310,982	12,707,782
					35,003,701
Less accumulated depreciation (depreciation expense of approximately \$697,000 in 2012)					(13,028,974)
					<u>\$ 21,974,727</u>

Consolidated VIEs					
Property Name	Location	Number of Units	Land	Buildings and Improvements	Carrying Value at December 31, 2011
Bent Tree Apartments	Columbia, SC	232	\$ 986,000	\$ 11,758,519	\$ 12,744,519
Fairmont Oaks Apartments	Gainesville, FL	178	850,400	8,615,014	9,465,414
Lake Forest Apartments	Daytona Beach, FL	240	1,396,800	11,251,304	12,648,104
					34,858,037
Less accumulated depreciation (depreciation expense of approximately \$1.7 million in 2011)					(12,332,334)
Balance at December 31, 2011					<u>\$ 22,525,703</u>

7. Other Assets

The Company had the following Other assets as of dates shown:

	June 30, 2012	December 31, 2011
Property loans receivable	\$ 20,437,663	\$ 19,808,803
Less: Loan loss reserves	(18,026,166)	(16,782,918)
Deferred financing costs - net	3,641,562	3,894,071
Fair value of derivative contracts	542,773	1,323,270
Taxable bonds at fair market value	711,756	774,946
Other assets	1,244,997	1,193,216
Total Other assets	<u>\$ 8,552,585</u>	<u>\$ 10,211,388</u>

[Table of Contents](#)

In addition to the tax-exempt mortgage revenue bonds held by the Company, taxable property loans have been made to the owners of the properties which secure the bonds and are reported as Property loans receivable in Other assets, net of loan loss reserves. The Company periodically, or as changes in circumstances or operations dictate, evaluates such taxable loans for impairment. The value of the underlying property assets is ultimately the most relevant measure of value to support the taxable loan values. The Company utilizes a discounted cash flow model in estimating a property fair value. Discounted cash flow models containing varying assumptions are considered. The various models may assume multiple revenue and expense scenarios, various capitalization rates and multiple discount rates. Other information, such as independent appraisals, may be considered in estimating a property fair value. If the estimated fair value of the property after deducting the amortized cost basis of any senior tax-exempt mortgage revenue bond exceeds the principal balance of the property loan then no potential loss is indicated and no allowance for property loans is needed. In estimating the property valuation, the most significant assumptions utilized in the discounted cash flow model remained the same as discussed in the Form 10-K and include revenue and expense projections and capitalization rates.

During the first half of 2012, the Partnership advanced additional funds to Ashley Square, Cross Creek, and Iona Lakes of approximately \$25,000, \$150,000 and \$185,000, respectively. In addition, Cross Creek paid approximately \$330,000 which was applied against the loan receivable. During the first half of 2012, the Partnership recorded loan loss reserves equal to the accrued interest on the Ashley Square, Cross Creek, Iona Lakes and Woodland Park property loans.

In conjunction with the purchase of the Arbors of Hickory Ridge tax-exempt mortgage revenue bond, an affiliate of the Global Ministries Foundation, an unrelated not-for-profit entity, acquired the multi-family property securing the bond. At closing, the Company also secured a \$600,000 promissory note receivable as a fee for identifying this property acquisition and performing the related due diligence. This promissory loan is payable by the property at either the date the \$10 million tax-exempt mortgage revenue bond is restructured, upon the full repayment of the tax-exempt mortgage revenue bond, or June 14, 2022. As it is not reasonably assured when the tax-exempt mortgage revenue bond or related interest will be restructured or repaid in full, an allowance has been recorded against the loan receivable and accrued interest. Interest on the loan accrues at 12% but is not due until maturity.

The following is a summary of the taxable loans, accrued interest and allowance on the amounts due at June 30, 2012 and December 31, 2011, respectively:

	June 30, 2012			
	Outstanding Balance	Accrued Interest	Loan Loss Reserves	Net Taxable Loans
Ashley Square	\$ 4,811,342	\$ 1,492,025	\$ (5,088,367)	\$ 1,215,000
Cross Creek	6,588,087	1,458,388	(4,662,860)	3,383,615
Iona Lakes	7,524,118	2,523,154	(6,524,776)	3,522,496
Arbors at Hickory Ridge	600,000	3,200	(603,200)	—
Woodland Park	914,116	232,847	(1,146,963)	—
	<u>\$ 20,437,663</u>	<u>\$ 5,709,614</u>	<u>\$ (18,026,166)</u>	<u>\$ 8,121,111</u>

	December 31, 2011			
	Outstanding Balance	Accrued Interest	Loan Loss Reserves	Net Taxable Loans
Ashley Square	\$ 4,786,342	\$ 1,331,186	\$ (4,927,528)	\$ 1,190,000
Cross Creek	6,769,227	1,360,270	(4,564,742)	3,564,755
Iona Lakes	7,339,118	2,207,301	(6,208,923)	3,337,496
Woodland Park	914,116	167,609	(1,081,725)	—
	<u>\$ 19,808,803</u>	<u>\$ 5,066,366</u>	<u>\$ (16,782,918)</u>	<u>\$ 8,092,251</u>

[Table of Contents](#)

The following is a detail of loan loss reserves for the six months and year ended June 30, 2012 and December 31, 2011:

	June 30, 2012	December 31, 2011
Balance, beginning of year	\$ 16,782,918	\$ 9,899,719
Provision for loan loss	—	4,242,571
Acquisition of Arbors of Hickory Ridge bond	600,000	—
Deconsolidation of VIEs	—	1,861,051
Accrued interest not recognized	643,248	779,577
Balance, end of year	<u>\$ 18,026,166</u>	<u>\$ 16,782,918</u>

Accrued interest not recognized represents interest accrued that the Partnership has determined they are not reasonably assured of collecting. During first half of 2012 and the year ended 2011, the Partnership recorded an allowance for accrued interest not recognized on Ashley Square, Cross Creek, Iona Lakes, and Woodland Park taxable loans.

8. Discontinued Operations

On March 1, 2012, a brokerage contract was executed to list the Churchland property for sale. As a result, this MF Property met the criteria for discontinued operations presentation and has been classified as such in the consolidated financial statements for all periods presented. The proceeds from the sale are expected to be more than the carrying value of the property's assets and the sale is expected to be completed before the end of 2012.

The following represents the components of the assets and liabilities of discontinued operations:

	June 30, 2012	December 31, 2011
Cash and cash equivalents	\$ 18,281	\$ 11,840
Restricted cash	69,442	52,615
Land	1,171,146	1,171,146
Buildings and improvements	6,400,557	6,389,200
Real estate assets before accumulated depreciation	7,571,703	7,560,346
Accumulated depreciation	(1,074,977)	(1,022,197)
Net real estate assets	6,496,726	6,538,149
Other assets	114,422	162,258
Total assets from discontinued operations	6,698,871	6,764,862
Accounts payable and accrued expenses	53,172	67,634
Mortgage payable	6,078,753	6,151,429
Total liabilities from discontinued operations	6,131,925	6,219,063
Net equity of discontinued operations	<u>\$ 566,946</u>	<u>\$ 545,799</u>

The December 31, 2011, balances for Other assets and Assets of discontinued operations have been corrected from the amounts reported in our March 31, 2012, Form 10-Q balance sheet to reflect the elimination of an intercompany balance between ATAX and the Churchland property in the Assets from discontinued operations line instead of Other assets. The correction resulted in an increase in Other assets and a decrease in Assets from discontinued operations of \$529,000 as of December 31, 2011. This correction had no effect on total assets, net income, or cash flows for the year ended December 31, 2011.

The following presents the revenues, expenses and income from discontinued operations:

	For Three Months Ended June 30,		For Six Months Ended June 30,	
	2012	2011	2012	2011
Rental revenues	\$ 279,043	\$ 272,526	\$ 558,147	\$ 537,546
Expenses	188,930	272,147	422,000	523,163
Income from discontinued operations	<u>\$ 90,113</u>	<u>\$ 379</u>	<u>\$ 136,147</u>	<u>\$ 14,383</u>

9. Debt Financing

The Company currently has outstanding debt financing of \$104.3 million under separate credit facilities.

Tender Option Bond Financings

In July 2011, the Company closed a \$10.0 million financing utilizing a Tender Option Bond ("TOB") structure with the Deutsche Bank ("DB"). The first TOB was structured as a securitization of the Company's \$13.4 million Autumn Pines Apartments tax-exempt mortgage revenue bond. In December 2011, the Company closed a second TOB financing structure in the amount of \$7.8 million with DB. The second TOB was structured as a securitization of the Company's \$15.6 million GMF-Warren/Tulane Apartments and GMF-Madison Apartments tax-exempt mortgage revenue and taxable mortgage revenue bonds. In May 2012, the Company retired the second TOB financing structure when the GMF-Warren/Tulane and GMF-Madison Tower tax-exempt mortgage revenue bonds were sold. At June 30, 2012, the Company owed \$9.9 million on a single TOB facility and at December 31, 2011, the Company owed \$17.7 million on both TOB facilities.

Under the TOB structure, the Company transferred the bonds to a custodian and trustee that provide these services on behalf of DB. The TOB trustee then issued senior floating-rate participation interests ("SPEARS"), and residual participation interests, ("LIFERS"). The SPEARS and LIFERS represent beneficial interests in the securitized asset held by the TOB trustee. The SPEARS were credit-enhanced by DB and sold through a placement agent to unaffiliated investors. The gross proceeds from the sale of the SPEARS were remitted to the Company. The LIFERS were retained by the Company and are pledged to DB to secure certain reimbursement obligations.

The TOB trust essentially provides the Company with a secured variable rate debt facility at an interest rate that reflects the prevailing short-term tax-exempt rates paid by the TOB trust on the SPEARS. Payments made to the holders of the SPEARS and the amount of trust fees essentially represent the Company's effective cost of borrowing on the net proceeds it received from the sale of the SPEARS and are expected to vary over time. The total fixed trust fees are 1.77% per annum, and as of June 30, 2012 the rate paid on the TOB on the SPEARS was .27% per annum, resulting in a total cost of borrowing of 2.04%. The Company is accounting for this transaction as a secured financing arrangement.

Tax Exempt Bond Securitization Financing ("TEBS")

As of September 1, 2010, the Partnership and its Consolidated Subsidiary ATAX TEBS I, LLC, entered into a number of agreements relating to a new long-term debt financing facility provided through the securitization of 13 tax-exempt mortgage revenue bonds owned by the ATAX TEBS I, LLC (the "Sponsor") pursuant to the TEBS Financing. The TEBS Financing essentially provides the Partnership with a long-term variable-rate debt facility at interest rates reflecting prevailing short-term tax-exempt rates.

[Table of Contents](#)

Effective September 1, 2010, the Partnership transferred the following bonds to ATAX TEBS I, LLC, a special purpose entity controlled by the Partnership pursuant to the TEBS Financing. The par value of the bonds included in this financing facility as of June 30, 2012 and December 31, 2011 are as follows:

Description of Tax-Exempt Mortgage Revenue Bonds	Outstanding Bond Par Amounts		Financial Statement Presentation
	June 30, 2012	December 31, 2011	
Ashley Square	\$ 5,284,000	\$ 5,308,000	Tax-exempt mortgage revenue bond
Bella Vista	6,600,000	6,650,000	Tax-exempt mortgage revenue bond
Bent Tree	7,650,000	7,686,000	Consolidated VIE
Bridle Ridge	7,790,000	7,815,000	Tax-exempt mortgage revenue bond
Brookstone	9,454,309	9,490,809	Tax-exempt mortgage revenue bond
Cross Creek	8,602,059	8,634,693	Tax-exempt mortgage revenue bond
Fairmont Oaks	7,481,000	7,520,000	Consolidated VIE
Lake Forest	9,153,000	9,201,000	Consolidated VIE
Runnymede	10,645,000	10,685,000	Tax-exempt mortgage revenue bond
Southpark	14,000,000	14,000,000	Tax-exempt mortgage revenue bond
Woodlynn Village	4,476,000	4,492,000	Tax-exempt mortgage revenue bond
Ohio Series A Bond ⁽¹⁾	14,624,000	14,666,000	Consolidated MF Property
Villages at Lost Creek	18,315,000	18,500,000	Tax-exempt mortgage revenue bond
Total	\$ 124,074,368	\$ 124,648,502	

(1) Collateralized by Crescent Village, Postwoods and Willow Bend (Note 2)

The securitization of these assets occurred through two classes of certificates. The Class A TEBS Certificates were issued in an initial principal amount of \$95.8 million and were sold through a placement agent to unaffiliated investors. The Class B TEBS Certificates were issued in an initial principal amount of \$20.3 million and were retained by the Sponsor. The holders of the Class A TEBS Certificates are entitled to receive regular payments of interest from Freddie Mac at a variable rate which resets periodically based on the weekly Securities Industry and Financial Markets Association (“SIFMA”) floating index rate plus certain credit, facility, remarketing and servicing fees (the “Facility Fees”). The total Facility Fees are 1.9%, and as of June 30, 2012, the SIFMA rate was equal to 0.23% resulting in a total cost of borrowing of 2.13% on the outstanding balance on the TEBS Financing facility of \$94.4 million. The TEBS Financing and the associated TEBS Trust are presented as secured financings within the consolidated financial statements.

The term of the TEBS Financing coincides with the terms of the assets securing the TEBS Certificates, except that the Partnership may terminate the TEBS Financing at its option on either September 15, 2017 or September 15, 2020. Should the Partnership not elect to terminate the TEBS Financing on these dates, the full term of the TEBS Financing runs through the final principal payment date associated with the securitized bonds, or July 15, 2050.

The Company's outstanding TOB facility at June 30, 2012 mature in December 2012. The Company is looking at extending or refinancing the facilities and expects to execute on one of those alternatives before the facilities come due. The Company's Debt financing as of June 30, 2012, contractually matures over the next five years and thereafter as follows:

2012	\$ 10,340,000
2013	1,009,000
2014	1,083,000
2015	1,139,000
2016	1,192,000
Thereafter	89,565,000
Total	\$ 104,328,000

10. Mortgages Payable

The Company reports the mortgage loans secured by certain MF Properties on its consolidated financial statements as Mortgages payable. As of June 30, 2012, outstanding mortgage loans totaled approximately \$43.2 million. As of December 31, 2011, outstanding mortgage loans totaled approximately \$40.1 million.

The Company's mortgages payable as of June 30, 2012, contractually mature over the next five years and thereafter as follows:

2012	\$	27,816
2013		30,677,836
2014		4,628,000
2015		6,500,010
2016		—
Thereafter		1,398,328
Total	\$	43,231,990

11. Transactions with Related Parties

The general partner of the Partnership, AFCA 2, is entitled to receive an administrative fee from the Partnership equal to 0.45% per annum of the outstanding principal balance of any of its tax-exempt mortgage revenue bonds, taxable loans collateralized by real property, and other tax-exempt investments for which the owner of the financed property or other third party is not obligated to pay such administrative fee directly to AFCA 2. For the three and six months ended June 30, 2012, the Partnership paid administrative fees to AFCA 2 of approximately \$193,700 and \$387,700, respectively. For the three and six months ended June 30, 2011, the Partnership paid administrative fees to AFCA 2 of approximately \$185,600 and \$386,600, respectively. In addition to the administrative fees paid directly by the Partnership, AFCA 2 receives administrative fees directly from the owners of properties financed by certain of the tax-exempt mortgage revenue bonds held by the Partnership. These administrative fees also equal 0.45% per annum of the outstanding principal balance of these tax-exempt mortgage revenue bonds and totaled approximately \$33,600 and \$66,600 for the three and six months ended June 30, 2012, respectively. For the three and six months ended June 30, 2011, these fees totaled approximately \$39,500 and \$85,000, respectively.

The Company executed an investment placement agreement with AFCA 2 in connection with the Company's acquisition of the Public Housing Capital Funds investment. AFCA 2 received a fee of \$652,640 from the Company in connection with this agreement which was paid in July 2012. The Company executed a separate investment placement agreement with AFCA 2 in connection with the Company's acquisition of the Arbors at Hickory Ridge tax-exempt mortgage revenue bond. In connection with that agreement, AFCA 2 received an origination fee of \$100,000 which has been recorded into the cost basis of the tax-exempt mortgage revenue bond which is adjusted to estimated fair market value on the consolidated June 30, 2012 balance sheet and is being amortized against interest income on an effective yield basis. Both of these fees are consistent with the mortgage placement fees that AFCA 2 has earned previously in connection with the acquisition of tax-exempt mortgage revenue bonds by the Company. During the three and six months ended June 30, 2011, AFCA 2 earned mortgage placement fees of approximately \$363,000 and \$407,000 respectively.

An affiliate of AFCA 2, America First Properties Management Company, LLC ("Properties Management"), provides property management services for Arboretum, Ashley Square Apartments, Iona Lakes Apartments, Bent Tree Apartments, Lake Forest Apartments, Fairmont Oaks Apartments, Cross Creek, Woodland Park, Residences at DeCordova, Residences at Weatherford, Eagle Ridge, Eagle Village, Crescent Village, Meadowview, Willow Bend, Postwoods, Churchland, Glynn Place and Greens of Pine Glen, earning management fees of approximately \$300,000 and \$591,000 for the three and six months ended June 30, 2012. Properties Management provided property management services for Arboretum, Ashley Square Apartments, Iona Lakes Apartments, Bent Tree Apartments, Lake Forest Apartments, Fairmont Oaks Apartments, Cross Creek, Clarkson College, Woodland Park, Residences at DeCordova, Eagle Ridge, Eagle Village, Crescent Village, Meadowview, Willow Bend, Postwoods, Churchland, Glynn Place and Greens of Pine Glen, earning management fees of approximately \$290,000 and \$545,000 for the three and six months ended June 30, 2011, respectively. These property management fees are not Partnership expenses, but are paid in each case by the owner of the multifamily apartment property. However, for properties owned by entities treated as Consolidated VIEs and for MF Properties, the property management fees are reflected as real estate operating expenses on the Company's consolidated financial statements. The property management fees are paid out of the revenues generated by all properties financed by tax-exempt mortgage revenue bonds and taxable mortgages prior to the payment of debt service on the Partnership's tax-exempt revenue bonds and taxable loans. At June 30, 2012, the Company had a receivable of \$200,000 from America First Properties Management Company, LLC recorded as an Other asset.

Two of the owners of the limited-purpose corporations which own three of the Consolidated VIEs held by the Company are employees of Burlington who are not involved in the operation or management of the Company and who are not executive officers or managers of Burlington.

12. Issuances of Additional Beneficial Unit Certificates

In May 2012, the Partnership issued an additional 12,650,000 BUCs through an underwritten public offering at a public offering price of \$5.06 per BUC pursuant to an existing Registration Statement on Form S-3. Net proceeds realized by the Partnership from this issuance of these BUCs were approximately \$60 million after payment of an underwriter's discount and other offering costs of approximately \$4.0 million.

13. Interest Rate Derivative Agreements

As of June 30, 2012, the Company has three derivative agreements in order to mitigate its exposure to increases in interest rates on its variable-rate debt financing. The terms of the derivative agreements are as follows:

Date Purchased	Notional Amount	Effective Capped Rate	Maturity Date	Purchase Price	Counterparty
September 2, 2010	\$ 31,936,667	3.00%	September 1, 2017	\$ 921,000	Bank of New York Mellon
September 2, 2010	\$ 31,936,667	3.00%	September 1, 2017	\$ 845,600	Barclays Bank PLC
September 2, 2010	\$ 31,936,667	3.00%	September 1, 2017	\$ 928,000	Royal Bank of Canada

These interest rate derivatives do not qualify for hedge accounting and, accordingly, they are carried at fair value, with changes in fair value included in current period earnings within interest expense. The change in the fair value of these derivative contracts resulted in an increase in interest expense of approximately \$451,000 and \$780,000 for the three and six months ended June 30, 2012, respectively. The change in the fair value of these derivative contracts resulted in an increase in interest expense of approximately \$656,000 and \$889,000 for the three and six months ended June 30, 2011, respectively.

14. Segment Reporting

The Company consists of three reportable segments, Tax-Exempt Bond Investments, MF Properties, and Consolidated VIEs. In addition to the three reportable segments, the Company also separately reports its consolidation and elimination information because it does not allocate certain items to the segments.

Tax-Exempt Bond Investments Segment

The Tax-Exempt Bond Investments segment consists of the Company's portfolio of federally tax-exempt mortgage revenue bonds which have been issued to provide construction and/or permanent financing of multifamily residential apartments. Such tax-exempt bonds are held as long-term investments. As of June 30, 2012, the Company held sixteen tax-exempt mortgage revenue bonds not associated with Consolidated VIEs and three tax-exempt mortgage revenue bonds associated with Consolidated VIEs which are bonds that are eliminated in consolidation on the Company's financial statements. Additionally, two of the sixteen tax-exempt mortgage revenue bonds are secured by the three Ohio Properties subject to a sales agreement (Note 2). These bonds are eliminated in consolidation and presented as MF Properties within the Company's financial statements. The multifamily apartment properties financed by the 19 tax-exempt mortgage revenue bonds contain a total of 3,712 rental units.

MF Properties Segment

The MF Properties segment consists of indirect equity interests in twelve multifamily apartment properties which are not currently financed by tax-exempt mortgage revenue bonds held by the Partnership but which the Partnership eventually intends to finance by such bonds through a restructuring. In connection with any such restructuring, the Partnership will be required to dispose of any equity interest held in such MF Properties. Other than the Churchland property, the Partnership's interests in its current MF Properties are not currently classified as assets held for sale because the Partnership is not actively marketing them for sale, there is no definitive purchase agreement in existence that, under current guidance, can be recognized as a sale of real estate assets and, therefore, no sale is expected in the next twelve months. The Ohio Properties are subject to a sales agreement and will continue to be reported as MF Properties until they meet the criteria for recognition of their sale as discussed in Note 2. During the time the Partnership holds an interest in an MF Property, any net rental income generated by the MF Properties in excess of debt service will be available for distribution to the Partnership in accordance with its interest in the MF Property. Any such cash distribution will contribute to the Partnership's Cash Available for Distribution ("CAD"). As of June 30, 2012, the Company held an interest in nine MF Properties containing a total of 1,410 rental units (including the Churchland property reported as an asset held for sale) and three MF Properties subject to a sales agreement containing a total of 362 rental units.

The Consolidated VIE Segment

The Consolidated VIE segment consists of multifamily apartment properties which are financed with tax-exempt mortgage revenue bonds held by the Partnership, the assets, liabilities and operating results of which are consolidated with those of the Partnership as a result of consolidation guidance. The tax-exempt mortgage revenue bonds on these Consolidated VIE properties are eliminated from the Company's financial statements as a result of such consolidation, however, such bonds are held as long-term investments by the Partnership which continues to be entitled to receive principal and interest payments on such bonds. The Company does not actually own an equity position in the Consolidated VIEs or their underlying properties. As of June 30, 2012, June 30, 2011, and December 31, 2011, the Company consolidated three VIEs containing a total of 650 rental units.

Management's goals with respect to the properties constituting each of the Company's reportable segments is to generate increasing amounts of net rental income from these properties that will allow them to (i) make all payments of base interest, and possibly pay contingent interest, on the properties included in the Tax-Exempt Bond Investments segment and the Consolidated VIE segment, and (ii) distribute net rental income to the Partnership from the MF Properties segment until such properties can be refinanced with additional tax-exempt mortgage revenue bonds meeting the Partnership's investment criteria. In order to achieve these goals, management of these multifamily apartment properties is focused on: (i) maintaining high economic occupancy and increasing rental rates through effective leasing, reduced turnover rates and providing quality maintenance and services to maximize resident satisfaction; (ii) managing operating expenses and achieving cost reductions through operating efficiencies and economies of scale generally inherent in the management of a portfolio of multiple properties; and (iii) emphasizing regular programs of repairs, maintenance and property improvements to enhance the competitive advantage and value of its properties in their respective market areas. In that regard, management closely monitors and evaluates the operational and financial results of all properties financed by the Partnership's Tax-Exempt Bond Investments and the MF Properties.

[Table of Contents](#)

The following table details certain key financial information for the Company's reportable segments for the three and six months ended June 30, 2012 and June 30, 2011 and as of December 31, 2011:

	For the Three Months Ended		For the Six Months Ended	
	June 30, 2012	June 30, 2011	June 30, 2012	June 30, 2011

15. Commitments and Contingencies

The Company, from time to time, may be subject to various legal proceedings and claims that arise in the ordinary course of business. These matters are frequently covered by insurance. If it has been determined that a loss is probable to occur, the estimated amount of the loss is accrued in the consolidated financial statements. While the resolution of these matters cannot be predicted with certainty, management believes the final outcome of such matters will not have a material effect on the Company's consolidated financial statements.

As the holder of residual interests issued in connection with its TEBS and TOB bond financing arrangements, the Partnership is required to guarantee certain losses that can be incurred by the trusts created in connection with these financings. These guarantees may result from a downgrade in the investment rating of tax-exempt mortgage revenue bonds held by the trust or of the senior securities issued by the trust, a ratings downgrade of the liquidity provider for the trust, increases in short term interest rates beyond pre-set maximums, an inability to re-market the senior securities or an inability to obtain liquidity for the trust. In each of these cases, the trust will be collapsed. If the proceeds from the sale of the trust collateral are not sufficient to pay the principal amount of the senior securities with accrued interest and the other expenses of the trusts, the Partnership will be required to fund any such shortfall pursuant to its guarantee.

Certain of the MF Properties own apartment properties that generated LIHTCs for the previous partners in these partnerships. In connection with the acquisition of partnership interests in these partnerships by subsidiaries of the Company, the Company has agreed to reimburse the prior partners for any liabilities they incur due to recapture of these tax credits to the extent the recapture liability is due to the operation of the properties in a manner inconsistent with the laws and regulations relating to such tax credits after the date of acquisition. No amount has been accrued for this contingent liability because management believes that the likelihood of any payments being required there under is remote.

In October 2011, the three limited partnerships that own the Ohio Properties admitted two entities that are affiliates of BC Partners as new limited partners as part of a syndication of LIHTCs on the Ohio Properties. The BC Partners have agreed to contribute approximately \$6.7 million to the equity of these limited partnerships, subject to the Ohio Properties meeting certain debt service coverage ratios specified in the applicable limited partnership agreements. As of December 31, 2011, the Ohio Properties had not yet achieved these debt service coverage ratios and the BC Partners had not contributed a sufficient amount of additional capital to these limited partnerships to allow the Company to deconsolidate the Ohio Properties. Accordingly, the Company continues to report each Ohio Property as an MF Property, and no gain from the 2010 sale of such Ohio Property will be recognized by the Company, until the Ohio Property achieves specified debt service coverage ratios and the BC Partners have contributed their additional capital to the limited partnership owning the Ohio Property. The Company expects that each of the Ohio Properties will achieve the debt service coverage ratios so that the BC Partners will fully fund their capital commitments during 2012. As that occurs, each Ohio Property will cease to be reported as an MF Property and the Company will recognize the gain for the 2010 sale of the Ohio Property. After that time, the Company will report the tax-exempt mortgage revenue bonds on such Ohio Property as an asset and will report the related interest income on the bond.

In connection with the BC Partners transaction, the Company entered into guarantee agreements with the BC Partners under which the Company has guaranteed certain obligations of the general partner of these limited partnerships, including an obligation to repurchase the interests of the BC Partners if certain "repurchase events" occur. A repurchase event is defined as any one of a number of events mainly focused on the completion of the property rehabilitation, property rent stabilization, the delivery of LIHTCs, tax credit recapture and foreclosure. Even if a repurchase event should occur, 25% of the BC equity would remain in the Ohio Properties and thus BC, a third party, would have sufficient equity in the Ohio Properties for the Company to recognize the sale discussed above. No amount has been accrued for this contingent liability because the likelihood of a repurchase event is remote.

16. Recently Issued Accounting Pronouncements

In December 2011, the FASB issued ASU 2011-11, which contains new disclosure requirements regarding the nature of an entity's rights of offset and related arrangements associated with its financial instruments and derivative instruments. The new disclosure requirements are effective for annual reporting periods beginning on or after January 1, 2013, and the interim periods therein; retrospective application is required.

In December 2011, the FASB issued ASU 2011-10, which addresses whether the guidance on real estate sales applies to derecognition events involving subsidiaries that are in-substance real estate. The ASU's amendments are effective prospectively for fiscal years and interim periods within those years beginning on or after June 15, 2012. Early adoption is permitted. The Company is still in the process of assessing the expected impact of ASU 2011-10 when adopted.

17. Fair Value Measurements

Current accounting guidance on fair value measurements establishes a framework for measuring fair value and provides for expanded disclosures about fair value measurements. The guidance:

- Defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date; and
- Establishes a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. To increase consistency and comparability in fair value measurements and related disclosures, the fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The three levels of the hierarchy are defined as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 inputs are unobservable inputs for asset or liabilities.

The categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value.

Investments in Tax-exempt Mortgage Revenue Bonds. The fair values of the Company's investments in tax-exempt mortgage revenue bonds have each been based on a discounted cash flow and yield to maturity analysis. There is no active trading market for the bonds and price quotes for the bonds are not available. If available, the General Partner may also consider price quotes on similar bonds or other information from external sources, such as pricing services. The estimates of the fair values of these bonds, whether estimated by the Company or based on external sources, are based largely on unobservable inputs the General Partner believes would be used by market participants. Additionally, the calculation methodology used by the external sources and the Company encompasses the use of judgment in its application. To validate changes in the fair value of the Company's investments in tax-exempt mortgage revenue bonds between reporting periods, management looks at the key inputs such as changes in the current market yields on similar bonds as well as changes in the operating performance of the underlying property serving as collateral for each bond. We validate that the changes in the estimated fair value of the tax-exempt mortgage revenue bonds move with the changes in these monitored factors. Given these facts the fair value measurement of the Company's investment in tax-exempt mortgage revenue bonds is categorized as a Level 3 input.

Interest rate derivatives. The effect of the Company's interest rate caps is to set a cap, or upper limit, on the base rate of interest paid on the Company's variable rate debt equal to the notional amount of the derivative agreement. The effect of the Company's interest rate swap is to change a variable rate debt obligation to a fixed rate for that portion of the debt equal to the notional amount of the derivative agreement. The interest rate derivatives are recorded at fair value with changes in fair value included in current period earnings within interest expense. The fair value of the interest rate derivatives is based on a model whose inputs are not observable and therefore are categorized as a Level 3 input.

[Table of Contents](#)

The Company calculates a fair market value of each financial instrument using a discounted cash flow model based on the debt amortization schedules at the effective rate of interest for each period represented. This estimate of fair value is based on Level 3 inputs. Below represents the fair market value of the debt held on the balance sheet for June 30, 2012 and December 31, 2011, respectively.

	June 30, 2012		December 31, 2011	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial Liabilities:				
Debt financing	104,328,000	105,590,417	112,673,000	115,106,332
Mortgages payable	43,231,990	44,142,663	46,243,883	46,932,670

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

In this Management’s Discussion and Analysis, the “Partnership” refers to America First Tax Exempt Investors, L.P. and its Consolidated Subsidiaries which consist of:

- ATAX TEBS I, LLC, a special purpose entity owned and controlled by the Partnership, created to facilitate the Tax Exempt Bond Securitization (“TEBS”) Financing with Freddie Mac - (see Note 9).
- Nine multifamily apartments (“MF Properties”) owned by various Partnership subsidiaries. Such subsidiaries hold a 99% limited partner interest in five limited partnerships and 100% member positions in four limited liability companies. Three apartment properties which are subject to a sales agreement and are also reported as MF Properties (the “MF Properties”) (see Note 2).
- One of the five limited partnerships is being held as a discontinued operation in both periods. (see Note 8)

The “Company” refers to the condensed consolidated financial statements reported in this Form 10-Q which include the assets, liabilities and results of operations of the Partnership, its Consolidated Subsidiaries and three other consolidated entities in which the Partnership does not hold an ownership interest but which own multifamily apartment properties financed with tax-exempt mortgage revenue bonds held by the Partnership and which are treated as variable interest entities (“VIEs”) of which the Partnership has been determined to be the primary beneficiary (“Consolidated VIEs”). All significant transactions and accounts between the Partnership and the VIEs have been eliminated in consolidation.

Critical Accounting Policies

The Company’s critical accounting policies are the same as those described in the Company’s Annual Report on Form 10-K for the year ended December 31, 2011. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Executive Summary

For the three months ended June 30, 2012, the Company generated Net income of approximately \$306,000 as compared to a Net loss of approximately \$243,000 during the same period of 2011. For the six months ended June 30, 2012 and 2011, the Company generated Net income of approximately \$936,000 and \$946,000, respectively. The Company realized approximately \$668,000 gain on sale of bonds during the first half of 2012 and recorded approximately \$234,000 less of loss on interest receivable for the Woodland Park interest accrued for the first half of 2012 as compared to the first half of 2011. These changes were offset by approximately \$438,000 increase in interest expense due to larger costs of borrowing and greater outstanding debt and approximately \$559,000 increase in depreciation and amortization expense related to the Arboretum property (acquired on March 31, 2011) and the Eagle Village property which was acquired in June 2011. Overall economic occupancy (which is adjusted to reflect rental concessions, delinquent rents and non-revenue units such as model units and employee units) of the apartment properties that the Partnership has financed with tax-exempt mortgage revenue bonds was approximately 85% for first half of 2012 and approximately 84% for the first half of 2011. Overall economic occupancy of the MF Properties was approximately 83% for first half of 2012 compared to approximately 80% during the first half of 2011. The Company generated Cash Available for Distribution (“CAD”) of approximately \$2.5 million for the three months ended June 30, 2012 and 2011 and \$5.2 million and \$5.0 million, respectively, for the six months ended June 30, 2012 and 2011. See further discussion of CAD in the Liquidity and Capital Resources section in the Management’s Discussion and Analysis.

Recent Investment and Financing Activity

In June 2012, the Partnership acquired a \$10.0 million par tax-exempt mortgage revenue bond secured by Arbors at Hickory Ridge Apartments, a 348 unit multifamily apartment complex located in Memphis, Tennessee, which represented 100% of the bond issuance for approximately \$10.1 million. The tax-exempt bond carries an annual interest rate of 7.98% and matures on April 1, 2026. The bond does not provide for contingent interest.

In July 2012, the Company purchased 100% of the residual participation receipts (“LIFERS”) in three tender option bond trusts (the “TOB Trusts”) which acquired approximately \$65.3 million of Public Housing Capital Fund Certificates (“PHC Certificates”) issued by three trusts sponsored by DB (the “PHC Trusts”). The assets held by the PHC Trusts consist of custodial receipts evidencing loans made to a number of local public housing authorities. Principal and interest on these loans are payable by the respective public housing authorities out of annual appropriations to be made to the public housing authorities by the United States Department of Housing and Urban Development (“HUD”) under HUD’s Capital Fund Program established under Quality Housing and Work Responsibility Act of 1998 (the “Capital Fund Program”). The PHC Trusts have a first lien on these annual Capital Fund Program payments to secure the public housing authorities’ respective obligations to pay principal and interest on their loans. Interest payable on the public housing authority debt held by the PHC Trusts is exempt from federal income taxes. The PHC Certificates issued by each of the PHC Trusts have been rated investment grade by Standard & Poor’s. The Company purchased the LIFERS issued by the TOB Trusts for approximately \$16 million and pledged the LIFERS to the trustee to secure certain reimbursement obligations of the Company as the holder of LIFERS. The TOB Trusts also issued senior floating-rate participation interest (“SPEARS”) of approximately \$49 million to unaffiliated investors. The LIFERS entitle to Company to all principal and interest payments received by the TOB Trusts on the \$65.3 million of PHC Certificates held by it after payments due to the holders of the SPEARS and trust costs.

On March 1, 2012, a brokerage contract was executed to list the Churchland property for sale. As a result, this MF Property met the criteria for discontinued operations presentation and has been classified as such in the consolidated financial statements for all periods presented (see Note 8). The proceeds from the sale of the Churchland property are expected to be greater than the carrying value of its assets.

The Partnership purchased land adjacent to DeCordova property for approximately \$153,000 in 2011 and began constructing 34 additional units in 2012. The construction is expected to be completed in the fall of 2012 at which time the units will be leased as market rate units.

In February 2012, the Partnership obtained a \$2.0 million construction loan secured by the DeCordova property to be used to expand the DeCordova campus by constructing a new apartment building adjacent to the existing DeCordova property. This construction loan is with an unrelated third party and carries a fixed annual interest rate of 5.0%, maturing on February 1, 2017.

Discussion of the Partnership Bond Holdings and the Related Apartment Properties as of June 30, 2012

The Partnership’s purpose is to acquire and hold as long-term investments a portfolio of federally tax-exempt mortgage revenue bonds which have been issued to provide construction and/or permanent financing of multifamily residential apartments. At June 30, 2012, the Partnership held 19 tax-exempt mortgage revenue bonds secured by 19 properties of which 13 bonds are owned by ATAX TEBS I, LLC and one is held in trust facilities with Deutsche Bank (see Note 9). The 19 properties securing the bonds contain a total of 3,712 rental units. Three of the entities that own the apartment properties financed by three of the Partnership’s tax exempt mortgage revenue bonds were deemed to be Consolidated VIEs of the Partnership at June 30, 2012 and, as a result, these bonds are eliminated in consolidation on the Company’s financial statements. Additionally, two bonds secured by the Ohio Properties subject to a sales agreement will continue to be eliminated in consolidation on the Company’s financial statements until these properties meet the criteria for recognition of their sale as discussed in Note 2.

At June 30, 2011, the Partnership held 21 tax-exempt mortgage revenue bonds secured by 21 properties of which 13 bonds are owned by ATAX TEBS I, LLC. The 21 properties securing the bonds contain a total of 4,059 rental units. Three of the entities that own the apartment properties financed by three of the Partnership’s tax exempt mortgage revenue bonds were deemed to be Consolidated VIEs of the Partnership at June 30, 2011 and, as a result, these bonds are eliminated in consolidation on the Company’s financial statements. Additionally, two bonds secured by the Ohio Properties subject to a sales agreement were eliminated in consolidation on the Company’s financial statements.

[Table of Contents](#)

To facilitate its investment strategy of acquiring additional tax-exempt mortgage revenue bonds secured by multifamily apartment properties, the Partnership may acquire ownership positions in MF Properties in order to ultimately restructure the property ownership through a sale of the MF Properties. The Partnership expects each of these MF Properties to eventually be sold to a not-for-profit entity or in connection with a syndication of Low Income Housing Tax Credits ("LIHTCs"). The Partnership expects to acquire tax-exempt mortgage revenue bonds issued to provide debt financing for these properties at the time the property ownership is restructured. The Partnership expects to provide the tax-exempt mortgage revenue bonds to the new property owners as part of the restructuring. Such restructurings will generally be expected to be initiated within 36 months of the Partnership's investment in an MF Property and will often coincide with the expiration of the compliance period relating to LIHTCs previously issued with respect to the MF Property.

At June 30, 2012 and 2011, the Partnership's wholly-owned subsidiaries held interests in five entities that own MF Properties containing a total of 602 rental units. In addition, the three Ohio Properties contain 362 rental units which continue to be reported as an MF Property as they are subject to a sales agreement (see Note 2). There are 124 rental units included in the total 602 rental units, are being held as discontinued operations and are not reported on the economic occupancy table. As of June 30, 2012 and 2011, the Partnership's subsidiaries also own 100% of four MF Properties, Arboretum, Residences at DeCordova, Eagle Village and Residences at Weatherford containing a total of 808 rental units.

America First Properties Management Company ("Properties Management"), an affiliate of AFCA 2, provides property management services for Ashley Square, Iona Lakes Apartments, Bent Tree Apartments, Lake Forest Apartments, Fairmont Oaks Apartments, Cross Creek, Woodland Park and each of the MF Properties. Management believes that this relationship provides greater insight and understanding of the underlying property operations and their ability to meet debt service requirements to the Partnership.

The following table outlines certain information regarding the apartment properties on which the Partnership holds tax-exempt mortgage revenue bonds (separately identifying those owned by entities treated as Consolidated VIEs) and the MF Properties. The narrative discussion that follows provides a brief operating analysis of each property during the first half of 2012 and 2011.

(1) Economic occupancy is presented for the first half of 2012 and 2011, and is defined as the net rental income received divided by the maximum amount of rental income to be derived from each property. This statistic is reflective of rental concessions, delinquent rents and non-revenue units such as model units and employee units. Actual occupancy is a point in time measure while economic occupancy is a measurement over the period presented, therefore, economic occupancy for a period may exceed the actual occupancy at any point in time.

(2) This property finished construction during the first quarter of 2012; is in the lease-up stage, and occupancy data is not provided until property has reached stabilization.

(3) Previous period occupancy numbers are not available, as this is a new investment.

(4) The Partnership holds \$18.3 million of tax-exempt mortgage revenue bonds secured by these properties and does not hold an ownership interest in these properties. The Company will continue to report these properties as MF Properties, and eliminate the tax-exempt mortgage revenue bonds in consolidation, until the properties meet the criteria for sale recognition discussed in Note 2.

Non-Consolidated Properties

Arbors of Hickory Ridge – Arbors of Hickory Ridge is located in Memphis, Tennessee and is a 348 unit facility. The tax-exempt mortgage revenue bond collateralized by this property was acquired on June 14, 2012. The financial performance of this property was as expected for the 16 days the bond was owned in the second quarter of 2012.

[Table of Contents](#)

Ashley Square – Ashley Square Apartments is located in Des Moines, Iowa. In the first half of 2012, Net Operating Income (calculated as property revenue less salaries, advertising, administration, utilities, repair and maintenance, insurance, taxes, and management fee expense) was \$318,000 as compared to \$339,000 in 2011. This decrease was the result of a slight increase in economic occupancy offset by an increase in salary and advertising expenses. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Autumn Pines – Autumn Pines is located in Humble, Texas. In the first half of 2012, Autumn Pines' operations resulted in Net Operating Income of \$626,000 as compared to \$568,000 in 2011. This increase was a result of a decrease in tax consultant fees and administrative expenses offset by a decrease in economic occupancy. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Bella Vista – Bella Vista Apartments is located in Gainesville, Texas. In the first half of 2012, Bella Vista's operations resulted in Net Operating Income of \$317,000 as compared to \$277,000 in 2011. This increase was a result of an increase in gross potential rent along with a decrease in utility and repair and maintenance expenses. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Bridle Ridge Apartments – Bridle Ridge Apartments is located in Greer, South Carolina. In the first half of 2012, Bridle Ridge Apartments' operations resulted in Net Operating Income of \$350,000 as compared to \$364,000 in 2011. This decrease was a result of an increase in administrative expenses offset by an increase in economic occupancy. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Brookstone – Brookstone Apartments is located in Waukegan, Illinois. Brookstone's operations resulted in Net Operating Income of \$437,000 in the first half of both 2012 and 2011. Economic occupancy was consistent in both years. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Cross Creek – Cross Creek Apartments is located in Beaufort, South Carolina. In the first half of 2012, Cross Creek's operations resulted in Net Operating Income of \$243,000 as compared to \$211,000 in 2011. This increase was a result of a decrease in repair and maintenance expenses and real estate taxes. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Iona Lakes – Iona Lakes Apartments is located in Fort Myers, Florida. In the first half of 2012, Net Operating Income was \$547,000 as compared to \$604,000 in 2011. This decrease was the result of a decrease in economic occupancy and an increase in salary and repair and maintenance expenses. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Runnymede Apartments – Runnymede Apartments is located in Austin, Texas. In the first half of 2012, Runnymede Apartment's operations resulted in Net Operating Income of approximately \$550,000 as compared to approximately \$450,000 in 2011. This increase was the result of an increase in economic occupancy along with a decrease in leasing and repair and maintenance expenses. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

South Park Ranch Apartments – South Park Ranch Apartments is located in Austin, Texas. In the first half of 2012, Net Operating Income was \$605,000 as compared to \$597,000 in 2011. This increase was the direct result of an increase in economic occupancy. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Villages at Lost Creek – Villages at Lost Creek is located in San Antonio, Texas. In the first half of 2012, Net Operating Income was \$800,000 as compared to \$761,000 in 2011. This increase was the result of decreases in utility and property and liability insurance expenses. Debt service on the Partnership's bond on this property was current as of June 30, 2012.

[Table of Contents](#)

Woodland Park – Woodland Park is located in Topeka, Kansas and was completed in November 2008, but remains in its initial lease-up phase and has not yet reached stabilization which is defined in the bond documents as the generation of a 1.15:1 debt service coverage ratio for six straight months. Additionally, there were insufficient funds on deposit with the bond trustee to make the debt service payment of approximately \$452,000 on the bonds which was due on May 3, 2010, and the property owner did not provide additional capital to fund the shortfall. As a result, a payment default on the bonds has occurred. In order to protect its investment, the Partnership has issued a formal notice of default through the bond trustee and has started the foreclosure process. The foreclosure process has been extended and the Partnership cannot estimate when it will be completed. The Partnership continues to enforce its rights as the first lien position. The Partnership believes it will be successful in removing and replacing the general and limited partners of the property owner through foreclosure. This action would allow a new property owner to re-syndicate the LIHTCs associated with this property. If these LIHTCs can be successfully re-syndicated, it will provide additional capital to the project which can be used to support debt service payments on the tax-exempt mortgage revenue bonds until property operations improve to the point that sufficient cash is generated to pay any past due amounts on the bonds as well as ongoing debt service. If the re-syndication of LIHTCs is not successful, the Partnership may pursue other options including making additional taxable loans to the property or completing the foreclosure process and taking direct ownership of the property. The Partnership is taking all available cash flows from the property in accordance with the property's obligation under the bond indenture which has been less than the required interest payments due to the Partnership.

As of June 30, 2012, occupancy had decreased to 203 units, or 86% physical occupancy, with an additional three leases pending. Based on the level of leasing activity resulting from the change in the mix of affordable and market rate tenants, the Partnership continues to believe that Woodland is capable of reaching stabilization. In the first half of 2012, Net Operating Income was approximately \$320,000 on net revenue of approximately \$804,000. The Company periodically tests for impairment of all fixed assets, bond investments, and taxable loans made to various properties and other amounts due to the Company. Such evaluation is based on cash flow and discounted cash flow models. The December 31, 2011, evaluation determined that a portion of the interest receivable on the Woodland Park bond was impaired and that an allowance for loss and associated provision for loss of approximately \$953,000 was recorded against the accrued bond interest in 2011. The Partnership has recorded an additional reserve of approximately \$476,000 against the interest receivable on the Woodland Park bonds in the first half of 2012.

Woodlynn Village – Woodlynn Village is located in Maplewood, Minnesota. In the first half of 2012, Net Operating Income was \$207,000 as compared to \$185,000 in 2011. This increase was the result of an increase in economic occupancy along with a decrease in repair and maintenance expenses. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Consolidated VIEs

Bent Tree – Bent Tree Apartments is located in Columbia, South Carolina. In the first half of 2012, Net Operating Income was \$318,000 as compared to \$280,000 in 2011. This increase was the result of an increase in economic occupancy along with a decrease in repair and maintenance and utility expenses. Debt service on the Partnership's bonds on this property was current of June 30, 2012.

Fairmont Oaks – Fairmont Oaks Apartments is located in Gainesville, Florida. In the first half of 2012, Net Operating Income was \$343,000 as compared to \$330,000 in 2011. This increase was the result of an increase in economic occupancy along with a decrease in repair expenses. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Lake Forest – Lake Forest Apartments is located in Daytona Beach, Florida. In the first half of 2012, Net Operating Income was \$359,000 as compared to \$399,000 in 2011. This decrease was a direct result of a decrease in economic occupancy and an increase in utility expense. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

MF Properties

Arboretum – Arboretum is located in Omaha, Nebraska and is a 145 unit independent senior living facility. This property was purchased on March 31, 2011. In the first half of 2012, Arboretum's operations resulted in Net Operating Income of \$571,000 on net revenue of approximately \$1.2 million.

Eagle Ridge – Eagle Ridge Townhomes is located in Erlanger, Kentucky. In the first half of 2012, Net Operating Income was \$129,000 as compared to \$117,000 in 2011. This increase was the result of a decrease in repair and maintenance expenses and utility expenses.

[Table of Contents](#)

Eagle Village –Eagle Village is located in Evansville, Indiana and is a 511 bed student housing facility. This property was purchased on June 29, 2011. In the first half of 2012, Eagle Village's operations resulted in Net Operating Income of \$478,000 on net revenue of approximately \$950,000.

Glynn Place – Glynn Place Apartments is located in Brunswick, Georgia. In the first half of 2012, Net Operating Income was \$122,000 as compared to \$137,000 in 2011. This decrease was the result of a decrease in economic occupancy along with an increase in administrative expenses.

Greens of Pine Glen – Greens of Pine Glen Apartments is located in Durham, North Carolina. In the first half of 2012, Net Operating Income was \$331,000 as compared to \$298,000 in 2011. This increase is a result of an increase in economic occupancy along with a decrease in utility expense.

Meadowview – Meadowview Apartments is located in Highland Heights, Kentucky. In the first half of 2012, Net Operating Income was \$289,000 as compared to \$277,000 in 2011. This increase was a result of an increase in economic occupancy offset by an increase to salary and repair and maintenance expenses.

Residences at DeCordova – This property is a senior (55+) affordable housing project located in Granbury, Texas in the Dallas-Fort Worth area. In the first half of 2012, Net Operating Income was \$171,000 as compared to \$188,000 in the first half of 2011. This decrease is a result of an increase in real estate taxes slightly offset by an increased in economic occupancy.

Residences at Weatherford – This property contains 76 units upon completion. This property is a senior (55+) affordable housing project located in Weatherford, Texas in the Dallas-Fort Worth area. The property had been completed and has begun to lease up. As of June 30, 2012, the property had nineteen units leased, or 25% occupancy. The Partnership is operating the property as a market rate property and will continue to evaluate its options in order to recoup its investment.

The following three properties are subject to a sales agreement; however, due to insufficient contributed capital by the new owners, the sale does not qualify for recognition of the gain or deconsolidation of the properties until such time that the contributed capital is sufficient. As a result the Company continues to consolidate these Ohio Properties as if they were owned. See Note 2 for further information.

Crescent Village – Crescent Village Townhomes is located in Cincinnati, Ohio. In the first half of 2012, Net Operating Income was \$214,000 as compared to \$160,000 in 2011. This increase was the result of an increase in economic occupancy along with a decrease in utility expenses. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Postwoods – Postwoods Townhomes is located in Reynoldsburg, Ohio. In the first half of 2012, Net Operating Income was \$374,000 as compared to \$349,000 in 2011. This increase was a result of an increase in economic occupancy along with a decrease in utility expenses offset by an increase in real estate taxes. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Willow Bend – Willow Bend Townhomes is located in Columbus (Hilliard), Ohio. In the first half of 2012, Net Operating Income was \$158,000 as compared to \$175,000 in 2011. This decrease was a result of an increase in real estate taxes and salary expense offset by an increase in economic occupancy. Debt service on the Partnership's bonds on this property was current as of June 30, 2012.

Discontinued Operations

Commons at Churchland – Commons at Churchland is located in Chesapeake, Virginia. On March 1, 2012, the Company executed a brokerage contract to list this property for sale and met the criteria to classify it as held for sale. In the first half of 2012, Net Operating Income was \$329,000 as compared to \$304,000 in 2011. This increase was the result of increased economic occupancy partially offset by an increase in salary and repair and maintenance expenses.

Results of OperationsConsolidated Results of Operations

The following discussion of the Company's results of operations for the three and six months ended June 30, 2012 and June 30, 2011 should be read in conjunction with the consolidated financial statements and notes thereto included in Item 1 of this report as well as the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

Three Months Ended June 30, 2012 compared to Three Months Ended June 30, 2011 (Consolidated)
Change in Results of Operations

	For Three Months Ended June 30, 2012	For Three Months Ended June 30, 2011	Dollar Change

Property revenues. Property revenues increased approximately \$441,000 from the addition of Eagle Village which was acquired after the first quarter 2011. Offsetting this increase was an approximate \$466,000 reduction in revenue due to the deconsolidation of Iona Lakes (which occurred in June 2011). Although overall economic occupancy has dropped from second quarter 2011 to second quarter 2012, five of the MF Properties increased economic occupancy contributed the remaining increase in net rental revenues quarter over quarter. The MF Properties averaged monthly rent of approximately \$597 per unit in the second quarter of 2012 as compared with \$634 per unit in the second quarter of 2011. Economic occupancy at the MF Properties was 79% during the second quarter of 2012 as compared to 83% in the second quarter of 2011. The Consolidated VIEs averaged \$585 per unit in monthly rent in 2012 as compared to \$591 per unit in 2011. Economic occupancy of the Consolidated VIEs was 79% in the second quarter of 2012 as compared to 80% in the second quarter of 2011.

Mortgage revenue bond investment income. Mortgage revenue bond investment income decreased during thesecond quarter of 2012 as compared the second quarter of 2011 by approximately \$427,000 due to the redemptions of Briarwood Manor Apartments and Clarkson College bonds in the second quarter of 2011. This decrease was offset by increases due to the additional tax-exempt interest payments of approximately \$154,000 from the acquisitions of GMF-Madison Tower and GMF-Warren/Tulane tax-exempt mortgage revenue bonds late in 2011 and the Arbors at Hickory Ridge Apartments bond in 2012 and approximately \$179,000 due to the deconsolidation of Iona Lakes in second quarter 2011.

[Table of Contents](#)

Gain on sale of bonds. The gain on the sale of bonds is the result of the sale of the GMF-Madison Tower and GMF-Warren/Tulane tax-exempt mortgage revenue bonds in May, 2012. There was no gain realized on the sale of bonds in 2011.

Other income. The decrease in other income is attributable to reduced levels of uneliminated property loans outstanding during the second quarter of 2012 as compared to the second quarter of 2011.

Real estate operating expenses. Real estate operating expenses associated with the MF Properties and the Consolidated VIEs is comprised principally of real estate taxes, property insurance, utilities, property management fees, repairs and maintenance, and salaries and related employee expenses of on-site employees. A portion of real estate operating expenses are fixed in nature, thus a decrease in physical and economic occupancy would result in a reduction in operating margins. Conversely, as physical and economic occupancy increase, the fixed nature of these expenses will increase operating margins as these real estate operating expenses would not increase at the same rate as rental revenues. The overall increase in real estate operating expenses was primarily due to approximately \$216,000 of expenses related to the Eagle Village property which was not included in the second quarter of 2011. In addition, Weatherford reported approximately \$84,000 of expenses as an MF Property for the second quarter of 2012 as it began lease-up in late March 2012. These expenses were offset by an approximately \$303,000 reduction in operating expenses due to the deconsolidation of Iona Lakes in 2011. The remaining increase was related to the existing MF Properties increases in taxes and repair and maintenance expenses.

Provision for loss on receivables. During the second quarter of 2011, an impairment of the interest receivable on the Woodland Park bond occurred and approximately \$700,000 allowance for loss was recorded at that time. Since that time, an allowance has been recorded against all accrued interest recorded on the Woodland Park bond. During the second quarter of 2012, approximately \$238,000 was recorded against the accrued bond interest receivable on the Woodland Park bond.

Depreciation and amortization expense. Depreciation results primarily from the apartment properties of the Consolidated VIEs and the MF Properties. Amortization consists of in-place lease intangible assets recorded as part of the purchase accounting for the acquisition of MF Properties and deferred finance cost amortization related to the closing of the TEBS Credit Facility. Approximately \$259,000 of the increase in depreciation and amortization expense from the second quarter of 2011 to the second quarter of 2012 is related to the Eagle Village property acquired at the end of June 2011 and the additional depreciation recorded once the Residences at Weatherford's construction was completed and placed in service in second quarter 2012. Offsetting this increase is the approximate \$131,000 decrease in depreciation and amortization expense due to the deconsolidation of Iona Lakes in second quarter 2011. The remaining increase is related to the additional depreciation expense reported on newly capitalized assets of existing MF Properties and Consolidated VIEs.

Interest expense. The decrease in interest expense during the second quarter of 2012 as compared to the second quarter of 2011 was due to a number of offsetting factors. A decrease of \$205,000 was the result of the mark to market adjustment to the Company's derivative assets. These interest rate derivatives do not qualify for hedge accounting and, accordingly, they are carried at fair value, with changes in fair value included in current period earnings within interest expense. An increase of approximately \$216,000 resulted from higher average outstanding debt principal between the two quarters. The Company's borrowing cost decreased to approximately 2.9% per annum in the second quarter of 2012 from approximately 3.0% in the second quarter of 2011 resulting in an approximate decrease of \$68,000 when comparing second quarter of 2012 to second quarter of 2011.

General and administrative expenses. The increase in general and administrative expenses is mainly due to incentive compensation recorded during the second quarter of 2012 which did not occur in 2011.

Six Months Ended June 30, 2012 compared to Six Months Ended June 30, 2011 (Consolidated)
Change in Results of Operations

	For Six Months Ended June 30, 2012	For Six Months Ended June 30, 2011	Dollar Change

Net income - America First Tax Exempt Investors, L. P.	<u>\$ 936,480</u>	<u>\$ 945,926</u>	<u>\$ (9,446)</u>

Property revenues. Property revenues increased approximately \$1.6 million from the addition of Eagle Village and Arboretum which was acquired after the first quarter 2011. Property revenues from the other MF Properties and the Consolidated VIEs increased approximately \$354,000 in the first half of 2012 as compared to the first half of 2011 due to increased economic occupancy. Offsetting these increases was an approximate \$1.1 million reduction in revenue due to the deconsolidation of Iona Lakes (which occurred in June 2011). The MF Properties averaged approximately \$609 per unit in monthly rent in 2012 as compared with \$618 per unit in 2011. Economic occupancy at the MF Properties was 83% during the first six months of 2011 (including the Arboretum) as compared to 80% in the first six months of 2011. The Consolidated VIEs averaged \$587 per unit in monthly rent in 2012 as compared to \$581 per unit in 2011. Economic occupancy of the Consolidated VIEs was 79% for the first half of 2012 and 2011.

Mortgage revenue bond investment income. Mortgage revenue bond investment income increased slightly during the first half of 2012 as compared to the first half of 2011 due to offsetting factors. The increases are due to the additional tax-exempt interest payments of approximately \$417,000 from the acquisitions of GMF-Madison Tower and GMF-Warren/Tulane tax-exempt mortgage revenue bonds late in 2011 and the Arbors at Hickory Ridge Apartments bond in 2012 and approximately \$450,000 due to the deconsolidation of Iona Lakes in second quarter 2011. Offsetting these increases was an approximate \$564,000 decrease attributable to the redemptions of Briarwood Manor Apartments and Clarkson College bonds in the second quarter of 2011 and approximately \$255,000 due to the foreclosure of Weatherford and Decordova in 2011.

Gain on sale of bonds. The gain on the sale of bonds is the result of the sale of the GMF-Madison Tower and GMF-Warren/Tulane tax-exempt mortgage revenue bonds in May, 2012. There was no gain realized on the sale of bonds in 2011.

Other income. Other income is comprised mainly of interest income on property loans held by the Company and the forgiveness of third party debt related to the DeCordova foreclosure reported in 2011. The decrease in other income is attributable to reduced levels of uneliminated property loans outstanding during the first half of 2012 as compared to the first half of 2011 and the forgiveness of debt which occurred in first quarter 2011.

[Table of Contents](#)

Real estate operating expenses. Real estate operating expenses associated with the MF Properties and the Consolidated VIEs is comprised principally of real estate taxes, property insurance, utilities, property management fees, repairs and maintenance, and salaries and related employee expenses of on-site employees. A portion of real estate operating expenses are fixed in nature, thus a decrease in physical and economic occupancy would result in a reduction in operating margins. Conversely, as physical and economic occupancy increase, the fixed nature of these expenses will increase operating margins as these real estate operating expenses would not increase at the same rate as rental revenues. The overall increase in real estate operating expenses was due to approximately \$564,000 of expenses related to the Arboretum and Eagle Village properties which were not included in the first half of 2011. In addition, Weatherford reported approximately \$140,000 of expenses as an MF Property for the first half of 2012 as it began lease-up in late March 2012. Approximately \$184,000 was related to the existing MF Properties increases in taxes and repair and maintenance. These expenses were offset by an approximately \$678,000 reduction in operating expenses due to the deconsolidation of Iona Lakes in 2011.

Provision for loss on receivables. During the second quarter of 2011, an impairment of the interest receivable on the Woodland Park bond occurred and approximately \$700,000 allowance for loss was recorded at that time. Since that time an allowance has been recorded against all accrued interest recorded on the Woodland Park bond. During the first half of 2012, approximately \$476,000 was recorded against the accrued bond interest receivable.

Depreciation and amortization expense. Depreciation results primarily from the apartment properties of the Consolidated VIEs and the MF Properties. Amortization consists of in-place lease intangible assets recorded as part of the purchase accounting for the acquisition of MF Properties and deferred finance cost amortization related to the closing of the TEBS Credit Facility. Approximately \$607,000 of the increase in depreciation and amortization expense from the first half of 2011 to the first half of 2012 is related to the Arboretum property (acquired on March 31, 2011) and the Eagle Village property acquired at the end of June 2011 and the additional depreciation recorded once the Weatherford's construction was completed and placed in service in second quarter 2012. Offsetting this increase is the approximate \$324,000 decrease in depreciation and amortization expense due to the deconsolidation of Iona Lakes in second quarter 2011. The remaining increase is related to the additional depreciation expense reported on newly capitalized assets of existing MF Properties and Consolidated VIEs.

Interest expense. The increase in interest expense during the first half of 2012 as compared to the first half of 2011 was due to a number of factors. The Company's borrowing cost increased to approximately 2.8% per annum in the first half of 2012 from approximately 2.6% in the first half of 2011 resulting in an approximate increase of \$121,000 when comparing first half of 2012 to first half of 2011. An additional increase of approximately \$437,000 resulted from higher average principal of outstanding debt principal between the two years. The remaining change was the result of a decrease in the mark to market adjustment of the Company's derivative assets. These interest rate derivatives do not qualify for hedge accounting and, accordingly, they are carried at fair value, with changes in fair value included in current period earnings within interest expense.

General and administrative expenses. The increase in general and administrative expenses is mainly due to incentive compensation recorded during the second quarter of 2012 which did not occur in 2011.

Partnership Only Results of Operations

The following discussion of the Partnership's results of operations for the three and six months ended June 30, 2012 and June 30, 2011 reflects the operations of the Partnership without the consolidation of any VIEs during either period under the GAAP consolidation rules then in effect. This information is used by management to analyze the Partnership's operations and is reflective of the consolidated operations of the Tax-Exempt Bond Investments segment and the MF Properties segment as presented Note 14 to the condensed consolidated financial statements.

Three Months Ended June 30, 2012 compared to Three Months Ended June 30, 2011 (Partnership Only)
Changes in Results of Operations

	For Three Months Ended June 30, 2012	For Three Months Ended June 30, 2011	Dollar Change
Revenues:			
Property revenues	\$ 2,946,188	\$ 2,370,614	\$ 575,574
Mortgage revenue bond investment income	2,669,348	2,975,786	(306,438)
Gain on sale of bonds	667,821	—	667,821
Other income	43,427	148,951	(105,524)
Total revenues	<u>6,326,784</u>	<u>5,495,351</u>	<u>831,433</u>
Expenses:			
Real estate operating (exclusive of items shown below)	1,715,747	1,333,989	381,758
Provision for loss on receivables	238,175	710,690	(472,515)
Depreciation and amortization	1,180,646	846,992	333,654
Interest	1,546,688	1,630,527	(83,839)

Net income	687,275	296,110	391,165
Net income attributable to noncontrolling interest	122,218	122,436	(218)
Net income - America First Tax Exempt Investors, L. P.	<u>\$ 565,057</u>	<u>\$ 173,674</u>	<u>\$ 391,383</u>

Property revenues. Property revenues increased due to approximately \$441,000 from the addition of Eagle Village which was acquired after the first quarter 2011. Although overall economic occupancy has dropped from second quarter 2011 to second quarter 2012, five of the MF Properties increased economic occupancy contributed the remaining increase in net rental revenues quarter over quarter. The MF Properties averaged monthly rent of approximately \$597 per unit in the second quarter of 2012 as compared with \$634 per unit in the second quarter of 2011. Economic occupancy at the MF Properties was 79% during the second quarter of 2012 as compared to 83% in the second quarter of 2011.

Mortgage revenue bond investment income. Mortgage revenue bond investment income decreased during the second quarter of 2012 compared to the second quarter of 2011 by approximately \$429,000 due to the redemptions of Briarwood Manor Apartments and Clarkson College bonds in 2011. These decreases were offset by increases due to the additional tax-exempt interest payments of approximately \$154,000 from the acquisitions of GMF-Madison Tower and GMF-Warren/Tulane tax-exempt mortgage revenue bonds late in 2011 and the Arbors at Hickory Ridge Apartments bond in 2012.

Gain on sale of bonds. The gain on the sale of bonds is the result of the sale of the GMF-Madison Tower and GMF-Warren/Tulane tax-exempt mortgage revenue bonds in May, 2012. There was no gain realized on the sale of bonds in 2011.

Other income. The decrease in other income is attributable to reduced levels of uneliminated property loans outstanding during the second quarter of 2012 as compared to the second quarter of 2011.

[Table of Contents](#)

Real estate operating expenses. Real estate operating expenses associated with the MF Properties is comprised principally of real estate taxes, property insurance, utilities, property management fees, repairs and maintenance, and salaries and related employee expenses of on-site employees. A portion of real estate operating expenses are fixed in nature, thus a decrease in physical and economic occupancy would result in a reduction in operating margins. Conversely, as physical and economic occupancy increase, the fixed nature of these expenses will increase operating margins as these real estate operating expenses would not increase at the same rate as rental revenues. The overall increase in real estate operating expenses was due to approximately \$216,000 of expenses related to the Eagle Village property which was not included in the second quarter of 2011. In addition, Weatherford reported approximately \$84,000 of expenses as an MF Property for the second quarter of 2012 as it began lease-up in late March 2012. The remaining increase was related to the existing MF Properties increases in taxes and repair and maintenance.

Provision for loss on receivables. During the second quarter of 2011, an impairment of the interest receivable on the Woodland Park bond occurred and an approximately \$700,000 allowance for loss was recorded. Since that time, an allowance has been recorded against all accrued interest recorded in the interest receivable. During the second quarter of 2012, approximately \$238,000 was recorded against the accrued bond interest receivable.

Depreciation and amortization expense. Approximately \$259,000 of the increase in depreciation and amortization expense from the second quarter of 2011 to the second quarter of 2012 is related to the Eagle Village property acquired at the end of June 2011 and the additional depreciation recorded once the Weatherford's construction was completion and placed in service in second quarter 2012. The remaining increase is related to the additional depreciation expense reported on newly capitalized assets of existing MF Properties.

Interest expense. The decrease in interest expense during the second quarter of 2012 as compared to the second quarter of 2011 was due to a number of offsetting factors. A decrease of \$205,000 was the result of the mark to market adjustment to the Company's derivative assets. These interest rate derivatives do not qualify for hedge accounting and, accordingly, they are carried at fair value, with changes in fair value included in current period earnings within interest expense. An increase of approximately \$216,000 resulted from higher average outstanding debt principal between the two quarters. The Company's borrowing cost decreased to approximately 2.9% per annum in the second quarter of 2012 from approximately 3.0% in the second quarter of 2011 resulting in an approximate decrease of \$68,000 when comparing second quarter of 2012 to second quarter of 2011.

General and administrative expenses. The increase in general and administrative expenses is mainly due to incentive compensation recorded during the second quarter of 2012 which did not occur in 2011.

Net income - America First Tax Exempt Investors, L. P.	<u>\$ 1,435,348</u>	<u>\$ 1,642,977</u>	<u>\$ (207,629)</u>

Property revenues. Property revenues increased due to approximately \$1.6 million from the addition of Eagle Village and Arboretum which was acquired after the first quarter 2011. Property revenues from the other MF Properties increased approximately \$354,000 in the first half of 2012 as compared to the first half of 2011 due to increased economic occupancy. The MF Properties averaged approximately \$609 per unit in monthly rent in 2012 as compared with \$618 per unit in 2011. Economic occupancy at the MF Properties was 83% during the first six months of 2011 (including the Arboretum) as compared to 80% in the first six months of 2011.

Mortgage revenue bond investment income. Mortgage revenue bond investment income decreased during the first half of 2012 as compared to the first half of 2011 due to offsetting factors. Approximately \$564,000 was attributable to the redemptions of Briarwood Manor Apartments and Clarkson College bonds in the second quarter of 2011 and approximately \$255,000 due to the foreclosure of the Residences at Weatherford and the Residences at Decordova in 2011. These decreases were offset by increases due to the additional tax-exempt interest payments of approximately \$417,000 from the acquisitions of GMF-Madison Tower and GMF-Warren/Tulane tax-exempt mortgage revenue bonds late in 2011 and the Arbors at Hickory Ridge Apartments bond in 2012.

Gain on sale of bonds. The gain on the sale of bonds is the result of the sale of the GMF-Madison Tower and GMF-Warren/Tulane tax-exempt mortgage revenue bonds in May, 2012. There was no gain realized on the sale of bonds in 2011.

Other income. Other income is comprised mainly of interest income on taxable loans held by the Company and the forgiveness of third party debt related to the Residences at DeCordova foreclosure reported in 2011. The decrease in other income is attributable to reduced levels of uneliminated property loans outstanding during the first half of 2012 as compared to the first half of 2011.

Real estate operating expenses. Real estate operating expenses associated with the MF Properties is comprised principally of real estate taxes, property insurance, utilities, property management fees, repairs and maintenance, and salaries and related employee expenses of on-site employees. A portion of real estate operating expenses are fixed in nature, thus a decrease in physical and economic occupancy would result in a reduction in operating margins. Conversely, as physical and economic occupancy increase, the fixed nature of these expenses will increase operating margins as these real estate operating expenses would not increase at the same rate as rental revenues. The overall increase in real estate operating expenses was due to approximately \$564,000 of expenses related to the Arboretum and Eagle Village properties which were not included in the first half of 2011. In addition, Weatherford reported approximately \$140,000 of expenses as an MF Property for the first half of 2012 as it began lease-up in late March, 2012. Approximately \$184,000 was related to the existing MF Properties increases in taxes and repair and maintenance.

Provision for loss on receivables. During the second quarter of 2011, an impairment of the interest receivable on the Woodland Park bond occurred and approximately \$700,000 allowance for loss was recorded at that time. Since that time an allowance for loss on the interest receivable has been recorded and during the second half of 2012, approximately \$476,000 was recorded against the accrued bond interest receivable.

Depreciation and amortization expense. Approximately \$607,000 of the increase in depreciation and amortization expense from the first half of 2011 to the first half of 2012 is related to the Arboretum property (acquired on March 31, 2011) and the Eagle Village property acquired at the end of June 2011 and the additional depreciation recorded once the Weatherford's construction was completion and placed in service in second quarter 2012. The remaining increase is related to the additional depreciation expense reported on newly capitalized assets of existing MF Properties.

Interest expense. The increase in interest expense during the first half of 2012 as compared to the first half of 2011 was due to a number of factors. The Company's borrowing cost increased to approximately 2.8% per annum in the first half of 2012 from approximately 2.6% in the first half of 2011 resulting in an approximate increase of \$121,000 when comparing first half of 2012 to first half of 2011. An additional increase of approximately \$437,000 resulted from higher average principal of outstanding debt principal between the two years. The remaining change was the result of a decrease in the mark to market adjustment of the Company's derivative assets. These interest rate derivatives do not qualify for hedge accounting and, accordingly, they are carried at fair value, with changes in fair value included in current period earnings within interest expense.

General and administrative expenses. The increase in general and administrative expenses is mainly due to incentive compensation recorded during the second quarter of 2012 which did not occur in 2011.

Liquidity and Capital Resources

Tax-exempt interest earned on the tax-exempt mortgage revenue bonds, including those financing properties held by Consolidated VIEs and the Ohio Properties, represents the Partnership's principal source of cash flow. The Partnership may also receive interest payments on its taxable mortgage loans, earnings on temporary investments and cash distributions from equity interests held in MF Properties. Tax-exempt interest is primarily comprised of base interest payments received on the Partnership's tax-exempt mortgage revenue bonds. Certain of the tax-exempt mortgage revenue bonds may also generate payments of contingent interest to the Partnership from time to time when the underlying apartment properties generate excess cash flow. Because base interest on each of the Partnership's mortgage revenue bonds is fixed, the Partnership's cash receipts tend to be fairly constant period to period unless the Partnership acquires or disposes of its investments in tax-exempt mortgage revenue bonds. Changes in the economic performance of the properties financed by tax-exempt mortgage revenue bonds with a contingent interest provision will affect the amount of contingent interest, if any, paid to the Partnership. Similarly, the economic performance of MF Properties will affect the amount of cash distributions, if any, received by the Partnership from its ownership of these properties. The economic performance of a multifamily apartment property depends on the rental and occupancy rates of the property and on the level of operating expenses. Occupancy rates and rents are directly affected by the supply of, and demand for, apartments in the market area in which a property is located. This, in turn, is affected by several factors such as local or national economic conditions, the amount of new apartment construction and the affordability of single-family homes. In addition, factors such as government regulation (such as zoning laws), inflation, real estate and other taxes, labor problems and natural disasters can affect the economic operations of an apartment property. The primary uses of cash by apartment properties are the payment of operating expenses and debt service.

Other sources of cash available to the Partnership include debt financing, mortgages, and the sale of additional Beneficial Unit Certificates ("BUCs"). The Company currently has outstanding debt financing of \$104.3 million under separate credit facilities.

[Table of Contents](#)

In July 2011, the Company closed a \$10.0 million financing utilizing a Tender Option Bond ("TOB") structure with the Deutsche Bank ("DB"). The first TOB was structured as a securitization of the Company's \$13.4 million Autumn Pines Apartments tax-exempt mortgage revenue bond. Under the TOB structure, the Company transferred the bond to a custodian and trustee that provide these services on behalf of DB. The TOB trustee then issued senior floating-rate participation interests ("SPEARS"), and residual participation interests, ("LIFERS"). The SPEARS and LIFERS represent beneficial interests in the securitized asset held by the TOB trustee. The SPEARS were credit-enhanced by DB and sold through a placement agent to unaffiliated investors. The gross proceeds from the sale of the SPEARS were remitted to the Company. The LIFERS were retained by the Company and are pledged to DB to secure certain reimbursement obligations.

On June 30, 2012, the TOB trust provided the Company with a secured variable rate debt facility at an interest rate that reflects the prevailing short-term tax-exempt rates paid by the TOB trust on the SPEARS. Payments made to the holders of the SPEARS and the amount of trust fees represent the Company's effective cost of borrowing on the net proceeds it received from the sale of the SPEARS. The total fixed trust fees are 1.77% and as of June 30, 2012, the rate paid on the TOB on the SPEARS was 0.27%, resulting in a total cost of borrowing of 2.04%. The Company is accounting for this transaction as a secured financing arrangement and the outstanding amount is \$9.9 million at June 30, 2012.

The Company's second TOB financing structure was structured as a securitization of the Company's \$15.6 million GMF-Warren/Tulane Apartments and GMF-Madison apartments tax-exempt mortgage revenue and taxable mortgage revenue bonds. This TOB financing arrangement was paid off in May 2012 when the related bonds were sold. The Company realized approximately \$668,000 gain when the bonds were sold.

As of September 1, 2010 and in connection with the TEBS Financing, the Partnership and its Consolidated Subsidiary ATAX TEBS I, LLC, entered into a number of agreements relating to a new long-term debt financing facility provided through the securitization of 13 tax-exempt mortgage revenue bonds owned by the ATAX TEBS I, LLC (the "Sponsor"). The TEBS Financing essentially provides the Partnership with a long-term variable-rate debt facility at interest rates reflecting prevailing short-term tax-exempt rates.

Effective September 1, 2010, the Partnership transferred bonds to ATAX TEBS I, LLC, a special purpose entity controlled by the Partnership pursuant to the TEBS Financing (see Note 9). The par value of the bonds included in this financing facility as of June 30, 2012 and December 31, 2011 is \$124.1 million and \$124.6 million. The total Facility Fees are 1.9%, and, as of June 30, 2012, the SIFMA rate was equal to 0.23% resulting in a total cost of borrowing of 2.13% on the outstanding balance on the TEBS Financing facility of \$94.4 million.

In addition to the debt facilities, the Company has six outstanding mortgage loans collateralized by five MF Properties. The total outstanding mortgage loan principal is approximately \$43.2 million. These mortgages carry current interest rates ranging from 2.8% to 5.9% with maturity dates ranging from May 2013 to February 2017.

The Partnership is authorized to issue additional BUCs to raise additional equity capital to fund investment opportunities. In April 2010, a Registration Statement on Form S-3 was declared effective by SEC under which the Partnership may offer up to \$200.0 million of additional BUCs from time to time. In May 2012, the Partnership issued an additional 12,650,000 BUC's through an underwritten public offering at a public offering price of \$5.06 per BUC pursuant to this new Registration Statement. Net proceeds realized by the Partnership from this issuance of these BUCs were approximately \$60.0 million after payment of an underwriter's discount and other offering costs of approximately \$4.0 million.

The Partnership's principal uses of cash are the payment of distributions to unitholders, interest and principal on debt financing, and general and administrative expenses. The Partnership also uses cash to acquire additional investments. Distributions to unitholders may increase or decrease at the determination of the General Partner. The per unit cash available for distribution primarily depends on the amount of interest and other cash received by the Partnership from its portfolio of tax-exempt mortgage revenue bonds and other investments, the amount of the Partnership's outstanding debt and the effective interest rates paid by the Partnership on this debt, the level of operating and other cash expenses incurred by the Partnership and the number of units outstanding. During the first half of 2012, the Partnership generated cash available for distribution of \$0.16 per unit. See "Cash Available for Distribution," on a following page. As a result, the Partnership was required to supplement its cash available for distribution during the second quarter of 2012 with unrestricted cash and expects to continue to do so until the Partnership is able to complete its current investment and financing plans. The General Partner believes that upon completion of its current investment and financing plans, the Partnership will be able meet its liquidity requirements, including the payment of expenses, interest on its debt financing, and cash distributions to unitholders at the current level of \$0.50 per unit per year without the use of unrestricted cash. However, if actual results vary from current projections and the actual CAD generated is less than the new regular distribution, such distribution amount may need to be reduced.

The Partnership's operating policy is to use securitizations or other forms of leverage to maintain a level of debt financing between 40% and 60% of the total par value of the Partnership's tax-exempt mortgage revenue bond portfolio. At June 30, 2012, the Partnership had outstanding debt financing of approximately \$104.3 million secured by 14 tax-exempt mortgage revenue bonds. The total par value of the Partnership's tax-exempt mortgage revenue bonds is \$147.9 million. When the par value of the two tax exempt mortgage revenue bonds secured by the Ohio properties which are not reported as tax-exempt mortgage revenue bonds in the Partnership balance sheet plus approximately \$729,000 in restricted cash are included, the total amount leveraged is approximately \$183.0 million. Dividing that amount by the \$104.3 million of debt financing results in a leverage ratio of approximately 57% at June 30, 2012. Additionally, the MF Properties are encumbered by mortgage loans with an aggregate principal balance of approximately \$43.2 million. The total debt financing plus mortgage loans of approximately \$147.6 million as of June 30, 2012 results in a leverage ratio to Total Assets of approximately 42%.

The Consolidated VIEs' and MF Properties' primary source of cash is net rental revenues generated by their real estate investments. Net rental revenues from a multifamily apartment property depend on the rental and occupancy rates of the property and on the level of operating expenses. Occupancy rates and rents are directly affected by the supply of, and demand for, apartments in the market area in which a property is located. This, in turn, is affected by several factors such as local or national economic conditions, the amount of new apartment construction and the affordability of single-family homes. In addition, factors such as government regulation (such as zoning laws), inflation, real estate and other taxes, labor problems and natural disasters can affect the economic operations of an apartment property.

The Consolidated VIEs' and MF Properties' primary uses of cash are the payment of operating expenses and the payment of debt service.

On a consolidated basis, there was an improvement of approximately \$820,000 in cash provided by operating activities for the first half of 2012 as compared to first half of 2011 due to changes in working capital components. Cash provided from investing activities increased approximately \$50.4 million for first half of 2012 as compared to first half of 2011 due to 2011 MF property acquisitions which were not replicated in the 2012. In the first six months of 2012, the Company used cash to purchase the Arbors at Hickory Ridge bond after receiving cash from the sale of the GMF-Madison Tower and GMF-Warren/Tulane tax-exempt mortgage revenue bonds. The Company also received in second quarter of 2012 approximately \$7.2 million from the release of restricted cash that had originally been restricted in connection with the TEBS financing arrangement. In the first six months of 2011, cash was used for investing activities to acquire the Arboretum Apartments, Eagle Village Apartments and the Briarwood Manor bond offset by the release of restricted cash upon foreclosure of the DeCordova and Weatherford properties. The Company had approximately \$21.8 million additional cash available from financing activities for the first half of 2012 as compared to the first half of 2011. Financing cash flows in the first half of 2012 included approximately \$60.0 million of cash from the equity raise in second quarter 2012, offset by the use of cash to payoff the TOB facility. In the first half of 2011, the Company had borrowings of \$33.1 million.

Market Opportunities and Challenges

The disruptions in domestic and international financial markets, and the resulting restrictions on the availability of debt financing, that have prevailed since 2008, have, in our view, continued to create opportunities for the Partnership to acquire tax-exempt mortgage revenue bonds for affordable housing projects as other potential lenders have either reduced their participation in the market or are being forced to liquidate some or all of their existing portfolio investments in order to meet their liquidity needs. We believe that this is creating opportunities to acquire existing tax-exempt bonds from distressed holders at attractive yields. The Partnership continues to evaluate potential investments in bonds which are available on the secondary market. We believe many of these bonds will meet our investment criteria and we believe that we have a unique ability to analyze and close on these opportunities while maintaining our ability and willingness to also participate in primary market transactions. In addition, we are also evaluating opportunities in the current market to acquire new classes of tax-exempt investments that may improve the overall return, liquidity, and credit profile of the Partnership's investment portfolio. These tax-exempt investments must be rated in one of the four highest rating categories by at least one nationally recognized securities rating agency, but will not necessarily be secured by multifamily real estate. The decision of the Partnership to acquire any alternative class of tax-exempt investments will depend on a number of factors, including our ability to finance these assets.

Current credit and real estate market conditions also create opportunities to acquire quality MF Properties from distressed owners and lenders. Our ability to restructure existing debt together with the ability to improve the operations of the apartment properties through our affiliated property management company can position these MF Properties for an eventual financing with tax-exempt mortgage revenue bonds meeting our investment criteria and that will be supported by a valuable and well-run apartment property. We believe we can selectively acquire MF Properties, restructure debt and improve operations in order to create value to our unitholders in the form of a strong tax-exempt mortgage revenue bond investment.

On the other hand, continued economic weakness in some markets may limit our ability to access additional debt financing that the Partnership uses to partially finance its investment portfolio or otherwise meet its liquidity requirements. In addition, the economic conditions including a slow job growth and low home mortgage interest rates have had a negative effect on some of the apartment properties which collateralize our tax-exempt mortgage revenue bond investments and our MF Properties in the form of lower occupancy. While some properties have been negatively affected, overall economic occupancy (which is adjusted to reflect rental concessions, delinquent rents and non-revenue units such as model units and employee units) of the apartment properties that the Partnership has financed with tax-exempt mortgage revenue bonds was approximately 85% for first half of 2012 and approximately 84% for the first half of 2011. Overall economic occupancy of the MF Properties was approximately 83% for first half of 2012 compared to approximately 80% during the first half of 2011.

Cash Available for Distribution

Management utilizes a calculation of Cash Available for Distribution (“CAD”) as a means to determine the Partnership’s ability to make distributions to unitholders. The general partner believes that CAD provides relevant information about its operations and is necessary along with net income for understanding its operating results. To calculate CAD, amortization expense related to debt financing costs and bond reissuance costs, Tier 2 income due to the general partner as defined in the Agreement of Limited Partnership, interest rate derivative expense or income, provision for loan losses, impairments on bonds, and losses related to VIEs including depreciation expense are added back to the Company’s net income (loss) as computed in accordance with accounting principles generally accepted in the United States of America (“GAAP”). There is no generally accepted methodology for computing CAD, and the Company’s computation of CAD may not be comparable to CAD reported by other companies. Although the Company considers CAD to be a useful measure of its operating performance, CAD should not be considered as an alternative to net income or net cash flows from operating activities which are calculated in accordance with GAAP.

During June 2010, the Company completed a sales transaction whereby four of the MF Properties, the Ohio Properties, were sold to three new ownership entities controlled by an unaffiliated not-for-profit entity (see Note 2). The properties will continue to be presented as MF Properties and no gain will be recognized until such time as the transaction can be accounted for as a sale. As the deferred gain on the transaction represents cash paid to the Company and no on-going legal obligations related to the Ohio Properties or potential obligation to repay any amounts exists, the deferred gain is CAD and is shown as an adjustment in the CAD Calculation below. This gain meets the definition of Net Residual Proceeds representing contingent interest (Tier 2 income) and was therefore distributed 75% to the unitholders and 25% to the General Partner.

Distributions

The Partnership continued distributions during the quarter at an annual rate of \$0.50 per BUC. Since realized CAD per unit was less than \$0.50 per unit, the Partnership has used unrestricted cash to supplement the deficit. The General Partner believes that upon completion of its current investment and financing plans, the Partnership will be able to generate sufficient CAD to maintain cash distributions to unitholders at the current level of \$0.50 per unit per year without the use of other available cash. However, there is no assurance that the Partnership will be able to generate CAD at levels in excess of the current annual distribution rate. In that case, the annual distribution rate per unit may need to be reduced.

[Table of Contents](#)

The following tables show the calculation of CAD for the three and six months ended June 30, 2012 and June 30, 2011:

	For Three Months Ended June 30, 2012	For Three Months Ended June 30, 2011	For Six Months Ended June 30, 2012	For Six Months Ended June 30, 2011
Net income (loss) - America First Tax Exempt Investors L.P.	\$ 306,048	\$ (243,248)	\$ 936,480	\$ 945,926
Net loss related to VIEs and eliminations due to consolidation	259,009	416,922	498,868	697,051
Net income before impact of VIE consolidation	\$ 565,057	\$ 173,674	\$ 1,435,348	\$ 1,642,977
Change in fair value of derivatives and interest rate derivative amortization	451,157	656,000	780,497	888,554
Depreciation and amortization expense (Partnership only)	937,912	730,651	1,789,915	1,255,214
Provision for loss on receivables	238,175	710,690	476,350	710,690
Tier II income	(166,955)	(77,039)	(166,955)	(77,039)
Depreciation and amortization related to discontinued operations	17,463	—	89,873	—
Bond purchase discount accretion (net of cash received)	139,026	(37,014)	63,120	(145,970)
Ohio deferred interest	345,987	347,514	692,392	695,028
CAD	\$ 2,527,822	\$ 2,504,476	\$ 5,160,540	\$ 4,969,454
Weighted average number of units outstanding,				
basic and diluted	33,682,818	30,122,928	31,912,707	30,122,928
Net income, basic and diluted, per unit	\$ (0.01)	\$ —	\$ 0.04	\$ 0.05
Total CAD per unit	\$ 0.08	\$ 0.08	\$ 0.16	\$ 0.17
Distributions per unit	\$ 0.1250	\$ 0.1250	\$ 0.250	\$ 0.250

Contractual Obligations

As discussed in the Annual report on Form 10-K, the amounts maturing in 2012 consist of the paydowns on the TEBS credit facility with Freddie Mac and payments on the MF Property mortgages.

The Company has the following contractual obligations as of June 30, 2012:

	Total	Payments due by period		
		Less than 1 year	1-2 years	More than 2 years
Debt financing	\$ 104,328,000	\$ 10,916,000	\$ 2,168,000	\$ 91,244,000
Mortgages payable	\$ 43,231,990	\$ 13,205,652	\$ 22,128,000	\$ 7,898,338
Effective interest rate(s) ⁽¹⁾		3.07%	2.45%	2.08%
Interest ⁽²⁾	\$ 14,555,838	\$ 4,324,824	\$ 5,428,198	\$ 4,802,816

(1) Interest rates shown are the average effective rates as of June 30, 2012 and include the impact of our interest rate derivatives.

(2) Interest shown is estimated based upon current effective interest rates through maturity.

Recently Issued Accounting Pronouncements

In December 2011, the FASB issued ASU 2011-11, which contains new disclosure requirements regarding the nature of an entity's rights of offset and related arrangements associated with its financial instruments and derivative instruments. The new disclosure requirements are effective for annual reporting periods beginning on or after January 1, 2013 and the interim periods therein; retrospective application is required.

In December 2011, the FASB issued ASU 2011-10, which addresses whether the guidance on real estate sales applies to derecognition events involving subsidiaries that are in-substance real estate. For public entities, the ASU's amendments are effective prospectively for fiscal years and interim periods within those years beginning on or after June 15, 2012. Early adoption is permitted. The Company is still in the process of assessing the expected impact of ASU 2011-10 when adopted.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

There have been no material changes in market risk, except as discussed below, from the information provided under “Quantitative and Qualitative Disclosures about Market Risk” in Item 7A of the Company’s 2011 Annual Report on Form 10-K.

In order to mitigate its exposure to interest rate fluctuations on the variable rate TEBS Financing, the Partnership entered into interest rate cap agreements with Barclays Bank PLC, Bank of New York Mellon and Royal Bank of Canada, each in an initial notional amount of approximately \$31.9 million which effectively limits the interest payable by the Company on the TEBS Financing to a fixed rate of 3.0% per annum on the combined notional amounts of the interest rate cap agreements through August 2017. The interest rate cap plus the Facility Fees result in a maximum potential cost of borrowing on the TEBS Financing of 4.9% per annum.

The following table outlines the interest rate caps the Company has in place as of June 30, 2012:

Date Purchased	Notional Amount	Effective Capped Rate	Maturity Date	Purchase Price	Counterparty
September 2, 2010	31,936,667	3%	September 1, 2017	921,000	Bank of New York Mellon
September 2, 2010	31,936,667	3%	September 1, 2017	845,600	Barclays Bank PLC
September 2, 2010	31,936,667	3%	September 1, 2017	928,000	Royal Bank of Canada

These interest rate derivatives do not qualify for hedge accounting and, accordingly, they are carried at fair value, with changes in fair value included in current period earnings within interest expense. The change in the fair value of these derivative contracts resulted in an increase in interest expense of approximately \$451,000 and \$780,000 for the three and six months ended June 30, 2012, respectively. The change in the fair value of these derivative contracts resulted in an increase in interest expense of approximately \$656,000 and \$889,000 for the three and six months ended June 30, 2011, respectively.

Item 4. Controls and Procedures.

Evaluation of disclosure controls and procedures. The Partnership's Chief Executive Officer and Chief Financial Officer have reviewed and evaluated the effectiveness of the Partnership's disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that the Partnership's current disclosure controls and procedures are effective.

Changes in internal control over financial reporting. The Partnership's Chief Executive Officer and Chief Financial Officer have determined that there were no changes in the Partnership's internal control over financial reporting during the Partnership's most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Partnership's internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1A. Risk Factors.

In addition to the risk factors relating to residual interests in TOB Trusts described in the Company's 2011 Annual Report on Form 10-K, the Company has identified the following additional risk factors relating to its investment in TOB residual certificates backed by Public Housing Capital Fund Trust Certificates that were acquired in July 2012:

Delay, Reduction, or Elimination of Appropriations from U.S. Department of Housing and Urban Development can result in payment defaults on the Company's investments

The Company has acquired LIFERS in three TOB Trusts, which, in turn, hold PHC Certificates that have been issued by three PHC Trusts which hold custodial receipts evidencing loans made to a number of public housing authorities. Principal and interest on these loans are payable by the respective public housing authorities out of annual appropriations to be made to the public housing authorities by the United States Department of Housing and Urban Development ("HUD") under HUD's Capital Fund Program. The sole source of payment of principal and interest on the PHC Certificates are these annual Capital Fund Program appropriations. Annual appropriations for the Capital Fund Program must be determined by Congress each year, and there is no assurance that Congress will continue to make such appropriations at current levels or at all. If Congress fails to continue to make annual appropriations for the Capital Fund Program at or near current levels, or there is a delay in the approval of appropriations, the public housing authorities may not have funds from which to pay principal and interest on the loans underlying the PHC Certificates held by the TOB Trusts. Because the LIFERS represent a subordinated interest in the TOB Trusts, any decrease in payments received by the TOB Trusts from the PHC Certificates it holds will be first reduce payments on the LIFERS held by the Company so that the TOB trusts can continue to make payments due to the holders of the senior SPEARS. As a result, any decrease in funds available to the public housing authorities may result in the reduction or elimination of payments on the LIFERS.

Reduction in Rating of PHC Certificates below investment grade would result in the liquidation of the investment in that Trust

The Company's investment in LIFERS issued by TOB Trusts holding PHC Certificates is made pursuant to the provision of its Agreement of Limited Partnership that allows investment in tax-exempt securities that are not mortgage bonds backed by multifamily housing projects provided that these alternative tax-exempt securities are rated investment grade in one of the four highest rating categories by at least one nationally recognized securities rating agency. In the event the investment rating of any of the PHC Certificates held by a TOB Trust was reduced to less than investment grade, the underlying TOB Trust has no obligation to divest the downgraded PHC Certificates. Accordingly, the Company would be required to liquidate its LIFERS in that TOB Trust or liquidate the TOB Trust entirely. The TOB Trusts have no obligation to purchase the LIFERS and there is no established trading market for the LIFERS. Likewise, if the Company liquidates the TOB Trust, any downgrade in the investment rating of the PHC Certificates will likely decrease the value of the PHC Certificates. As a result, there can be no assurance that the Company will be able to divest its position in these LIFERS or terminate the TOB Trust without incurring a material loss.

Item 6. Exhibits.

The following exhibits are filed as required by Item 6 of this report. Exhibit numbers refer to the paragraph numbers under Item 601 of Regulation S-K:

- 3. Articles of Incorporation and Bylaws of America First Fiduciary Corporation Number Five (incorporated herein by reference to Registration Statement on Form S-11 (No. 2-99997) filed by America First Tax Exempt Mortgage Fund Limited Partnership on August 30, 1985).
 - 4(a) Form of Certificate of Beneficial Unit Certificate (incorporated herein by reference to Exhibit 4.1 to Registration Statement on Form S-4 (No. 333-50513) filed by the Company on April 17, 1998).
 - 4(b) Agreement of Limited Partnership of the Partnership (incorporated herein by reference to the Amended Annual Report on Form 10-K (No. 000-24843) filed by the Company on June 28, 1999).
 - 4(c) Amended Agreement of Merger, dated June 12, 1998, between the Partnership and America First Tax Exempt Mortgage Fund Limited Partnership (incorporated herein by reference to Exhibit 4.3 to Amendment No. 3 to Registration Statement on Form S-4 (No. 333-50513) filed by the Company on September 14, 1998).
 - 10.1 Investment Placement Agreement, dated June 15, 2012, between the Company and America First Capital Associates Limited Partnership Two.
 - 31.1 Certification of CEO pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
 - 31.2 Certification of CFO pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
 - 32.1 Certification of CEO pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
 - 32.2 Certification of CFO pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
- 101 The following materials from the Partnership's Quarterly Report on Form 10-Q for the quarter ended June 30, 2012 are furnished herewith, formatted in XBRL (Extensible Business Reporting Language): (i) the Condensed Consolidated Balance Sheets as of June 30, 2012 and December 31, 2011, (ii) the Condensed Consolidated Statements of Operations for the three and six months ended June 30, 2012 and 2011, (iii) the Condensed Consolidated Statements of Comprehensive Income for the three and six months ended June 30, 2012 and 2011, (iv) the Condensed Consolidated Statements of Partners' Capital for the six months ended June 30, 2012 and 2011, (v) the Condensed Consolidated Statements of Cash Flows for the six months ended June 30, 2012 and 2011, and (vi) Notes to Condensed Consolidated Financial Statements.

INVESTMENT PLACEMENT AGREEMENT

THIS INVESTMENT PLACEMENT AGREEMENT (this "Agreement") is made and entered into as of the 15th day of June, 2012, by and between America First Tax Exempt Investors, L.P., a Delaware limited partnership (the "Fund"), and America First Capital Associates Limited Partnership Two, a Nebraska limited partnership serving as the sole general partner of the Fund (the "General Partner").

WITNESSETH:

WHEREAS, the Fund has been formed for the primary purpose of acquiring federally tax-exempt mortgage revenue bonds issued by state and local housing authorities to provide construction and/or permanent financing for multifamily housing projects that provide affordable housing in their market areas ("Multifamily Bonds"); and

WHEREAS, the General Partner is currently allowed to receive a mortgage placement fee of up to 1.0% of the amount invested by the Fund in Multifamily Bonds that is typically paid out of the bond proceeds provided by the Fund to the underlying borrowers; and

WHEREAS, the General Partner has currently identified one Multifamily Bond, Arbors of Hickory Ridge, which was purchased by the Fund at a face value of \$10 million on June 14, 2012

WHEREAS, the Fund desires to encourage the General Partner to identify, evaluate and develop Multifamily Bonds on behalf of the Fund by directly paying a placement fee to the General Partner in connection with the placement of this Multifamily Bond into the Fund

NOW, THEREFORE, in consideration of the mutual promises and covenants made herein, the Fund and the General Partner agree as follows:

1. Placement Fee. As compensation to the General Partner for the identification, evaluation, development and negotiation of the Arbors of Hickory Ridge Multifamily Bond, the Fund will pay a placement fee to the General Partner, but in no event to exceed 1.0% of the total principal amount of such Multifamily Bond (excluding any accrued interest thereto). Such placement fee will be made within 15 business days of the Fund acquiring the Multifamily Bond.

3. Termination. This Agreement may be terminated, without penalty, by either party upon delivery of 60 day's prior written notice to the other party. The Fund may terminate this Agreement pursuant to this Section 3 by a vote of the holders of a majority of the issued and outstanding Beneficial Unit Certificates representing assigned limited partner interests in the Fund pursuant to Section 5.03(c) of the Limited Partnership Agreement.

4. Amendment. This Agreement may be amended at any time by action of the Fund and the General Partner, provided that any such amendment must be in writing and signed by the Fund and the General Partner.

5. Applicable Law. This Agreement and the rights of the parties hereunder shall be construed and interpreted under the laws of the State of Nebraska.

6. Entire Agreement. This Agreement sets forth all, and is intended by all parties to be an integration of all, promises, agreements and understanding among the parties hereto with respect to the subject matter hereof and no other promises, agreements or understanding, whether written or oral, expressed or implied, with respect thereto shall have any force or effect whatsoever.

IN WITNESS WHEREOF, each of the Fund and the General Partner has caused this Agreement to be duly executed on its behalf as of the date first above written.

Certification of CEO pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Mark A. Hiatt, certify that:

1. I have reviewed this quarterly report on Form 10-Q of America First Tax Exempt Investors, L.P.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in the report, fairly present in all material respects the financial condition, results of operations and cash flows of the Company as of, and for, the periods represented in this report;
4. The Company's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Company and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Company, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the Company's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the Company's internal control over financial reporting that occurred during the Company's most recent fiscal quarter (the Company's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting; and
5. The Company's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Company's auditors and the audit committee of the Company's board of directors (or persons performing equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting.
